OHIO STATE DENTAL BOARD BOARD MEETING

JULY 9, 2008

MINUTES

ATTENDANCE

The Ohio State Dental Board (Board) met in Room 1960, 19th Floor of The Vern Riffe Center for Government and the Arts, 77 South High Street, Columbus, Ohio on July 9, 2008, beginning at 1:00 p.m. Board members present were:

Mark T. Armstrong, D.D.S., Vice-President
Berta I. Howard, D.D.S. Vice-Secretary
Ketki Desai, D.D.S.
Lawrence B. Kaye, D.D.S.
Billie Sue Kyger, D.D.S.
William G. Leffler, D.D.S.
Ann Naber, R.D.H.
Chad A. Readler, Esq.
Linda Staley, R.D.H.
Douglas W. Wallace, D.D.S.

Edward R. Hills, D.D.S., Secretary and Clifford Jones, R.D.H. were not in attendance to the meeting.

The following guests were also in attendance: Katherine Bockbrader, Esq., and Jennifer Adair, Esq., of the Ohio Attorney General's Office; Michele Carr, R.D.H., M.A., Chair of the Ohio State University Department of Dental Hygiene; Keith Kerns, Esq., Douglas Poulas, D.D.S., and Dennis Burns, D.D.S. of the Ohio Dental Association (ODA); Lili Reitz, Esq., Executive Director, Joseph Yonadi, Enforcement Supervisor, Gail Davis, Dental Board Enforcement Officer, Jayne Smith, Licensure Coordinator, and Malynda Franks, Executive Secretary of the Ohio State Dental Board; and other guests.

CALL TO ORDER

Dr. Armstrong extended greetings to everyone and noting that there was a quorum present called the meeting to order at 1:01 p.m. He requested all members and guests sign the attendance roster.

INTRODUCTION OF BOARD MEMBERS

Dr. Armstrong welcomed the Board's newest member, Dr. Ketki Desai of Columbus and introduced her to the Board members and attendees to the meeting. He then took a moment to introduce the rest of the Board. Dr. Armstrong introduced himself as the Board Vice-President, a general dentist from Troy. He then introduced the other Board members: Dr. Berta Howard, Acting Secretary for the Board meeting today and a general dentist from Hamilton, Dr. Larry Kaye, a periodontist from Akron, Dr. Billie Sue Kyger, a general dentist from Gallipolis, Dr. William Leffler, a general dentist from Massillon, Dr. Douglas Wallace, an oral and maxillofacial surgeon from Fairfield, Ms. Linda Staley, a dental hygienist from Lima, Ms. Ann Naber, a dental hygienist from Cincinnati, and Mr. Chad Readler, an attorney from Columbus.

EXECUTIVE SESSION

Motion by Dr. Howard, second by Dr. Wallace, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(3) to confer with counsel on matters that are the subject of pending or imminent court action.

Roll call vote: Dr. Armstrong – Yes
Dr. Howard – Yes
Dr. Desai – Yes
Dr. Kaye – Yes
Dr. Kyger - Yes
Dr. Leffler – Yes
Ms. Naber – Yes
Mr. Readler – Yes
Ms. Staley - Yes
Dr. Wallace - Yes

Motion carried unanimously.

Dr. Armstrong invited Ms. Reitz, Mr. Yonadi, Ms. Bockbrader, and Ms. Adair to attend the executive session.

OPEN SESSION

The Board resumed open session at 1:23 pm. Dr. Armstrong approved the agenda for the afternoon as presented with the notation that the Chair may modify the agenda due to timing constraints or extenuating circumstances.

REVIEW OF THE MAY BOARD MEETING MINUTES

The Board reviewed the minutes of the May 21, 2008 Board meeting.

Motion by Dr. Howard, second by Ms. Staley, to approve the May 21, 2008 Board meeting minutes as presented.

Motion carried unanimously.

ENFORCEMENT REPORT

PERSONAL APPEARANCE(S)

JOSEPH A. JEZ, D.D.S.

Ms. Davis introduced Dr. Joseph A. Jez and informed the Board that he was appearing for his second appearance after completing inpatient treatment at The Cleveland Clinic for abuse of alcohol. Ms. Davis stated that Dr. Jez is currently completing Aftercare at The Cleveland Clinic and has made contacts to get prior issues straightened out regarding his Caduceus meetings. She stated that he is currently attending his required Alcoholics Anonymous/Narcotics Anonymous (AA/NA) and Caduceus meetings and continues with his recovery.

Upon questioning by the Board, Dr. Jez stated that he felt on the road to recovery now that they have balanced out the medication for his Bipolar disorder. He stated that he has been working his AA program coupled with daily prayer. Dr. Jez stated that he plans to go back to the same practice from last year. He stated that he has discussed this with his counselors and they feel that it is in his best interest to go back to a familiar environment. He further stated that his partners in the practice know that he will not be able to handle the same pressure.

Continuing on, Dr. Jez stated that he is more focused now that he is on medication for his disorder as he had been "out of control" for years. Board members questioned whether it would be too stressful to return to working forty (40) hours per week immediately and suggested that he should possibly consider working up to forty (40) working hours eventually. Dr. Jez stated that he felt that he has his abuse problem under control enough to work a full work week. He stated that previously he had been working fifty (50) hours. Dr. Jez commented that it was not the number of hours that were stressful but rather the amount of work that was put into each hour. He stated that once he returns to the practice he will have a new dental hygienist and this will help him to go at a slower pace. He stated that he has not even considered discussing a move up

to forty (40) hours from thirty to thirty-five (30-35) with his partners. He claimed that his partners have expressed that they, as well as his patients, have missed him practicing.

Board members strongly suggested that Dr. Jez return to practice with limitations on the number of hours per week worked and to revisit at a subsequent interview to review his progress and possibly reconsider eliminating the hourly restriction.

Motion by Dr. Kaye, second by Dr. Kyger, to reinstate the license of Joseph A. Jez, D.D.S. to practice dentistry in the state of Ohio for up to twenty (20) hours per week and pursuant to the terms of his consent agreement with the Board.

Motion carried unanimously.

Dr. Armstrong informed Dr. Jez that the Board would consider revisiting the limitations set forth regarding the number of hours practiced per week at the August meeting should he choose to have this stipulation revisited at that time.

ARIC A. KEUHNER, D.D.S.

Ms. Davis introduced Dr. Aric A. Keuhner to the Board and stated that Dr. Kuehner is appearing before the Board for his initial interview after completing a twenty-eight (28) day in-treatment at Glenbeigh Hospital (Glenbeigh). She stated that Dr. Keuhner initially reported to Shepherd Hill Hospital (Shepherd Hill) in May, 2008, but eventually left for reasons unknown and reported to Glenbeigh for inpatient treatment. Ms. Davis stated that Dr. Kuehner has been diagnosed as using and abusing Nitrous Oxide.

Continuing on, Ms. Davis informed the Board that on May 3, 2008 Dental Board Investigator, Larry Powell, received a phone call from the owner of a dental practice in the Cincinnati, Ohio area who reported to Mr. Powell that he had an associate dentist who was caught by staff using Nitrous-Oxide Oxygen (Nitrous) in the office. Ms. Davis stated that the employer informed Mr. Powell that when office staff found Dr. Keuhner, he had refused to stop. Ms. Davis informed the Board that the local police department and emergency personnel were contacted and upon response, removed Dr. Kuehner from the office. She stated that Dr. Keuhner was transported to University Hospitals where he was later released.

Ms. Davis said that upon meeting with Larry Powell, Dr. Kuehner claimed that he used the Nitrous only once; the day in question. However, Ms. Davis stated that it was later determined during his assessments at Shepherd Hill and Glenbeigh that Dr. Kuehner has used Nitrous on other several other occasions. She informed the Board that it was also discovered that Dr. Keuhner was caught abusing Nitrous at another office but

had been permitted to resign. Ms. Davis stated that the Board had not been notified of this prior incident and was unaware of its occurrence until recently.

Continuing on Ms. Davis informed the Board members that Dr. Kuehner completed his inpatient treatment and has been released with staff approval from Glenbeigh. She stated that Dr. Keuhner is completing his aftercare at Greene Hall and is attending his required AA/NA/Caduceus meetings as required. Ms. Davis informed the Board that she is working with him regarding his monitoring requirements, urine screens, etc.

Upon questioning by the Board, Dr. Keuhner stated that he had just been released from Glenbeigh two and a half (2½) weeks ago as treatment complete. He said that he has signed up for aftercare, AA meetings, and caduceus. Dr. Keuhner stated that he is currently taking the prescription Zoloft® for his anxiety and performs yoga as exercise to relax.

Dr. Kuehner informed the Board that with regards to his telling the Board investigator that he had only used the Nitrous just the one (1) time, he felt that if he told that he had used more than once he would be forced to get treatment. He stated that he did not want to admit to that. Dr. Kuehner stated that the first time he had abused Nitrous he had gotten depressed over the number of patients (50) he had treated that day. He stated that as his depression increased so did the abuse.

When asked by the Board members as to the difference between now and prior to treatment, Dr. Keuhner responded that he is now treating his depression professionally. He noted that he carries his wristband from Glenbeigh as a reminder. He informed the Board members that he would prefer to go back to practice with a schedule that is less busy. He stated that some of his depression resulted from the passing last year of his dog of ten (10) years and has recently been considering adopting another dog.

Upon further questioning, Dr. Keuhner explained that he has learned so much more about himself, such as one of his key character flaws is self sabotage. He stated that he is much more in touch with himself these days.

Dr. Armstrong concluded the interview by explaining to Dr. Kuehner that the Board does not consider reinstatement for impaired licensees on the first interview. Therefore, he requested Dr. Kuehner to return for a subsequent interview with the Board at its August meeting.

STEVEN J. RITZI, D.D.S.

Ms. Davis introduced Dr. Steven J. Ritzi and stated that he was appearing before the Board for his initial interview after completing inpatient treatment at Shepherd Hill Hospital. She informed the Board that Dental Board Enforcement Supervisor, Joe

Yonadi, was initially contacted on March 17, 2008 by an anonymous patient who stated that she had just left Dr. Ritzi's office and that she felt Dr. Ritzi was intoxicated. Ms. Davis stated that Mr. Yonadi attempted to contact Dr. Ritzi to no avail. She indicated that Mr. Yonadi continued with the investigation.

Ms. Davis stated that the next day Dr. Ritzi contacted Mr. Yonadi stating that he had cancelled his patients for the day and admitted to Mr. Yonadi that he needed help. Ms. Davis said that Dr. Ritzi agreed to meet with an investigator and voluntarily signed a Consent Agreement immediately.

Continuing on, Ms. Davis informed the Board that Dr. Ritzi has completed his inpatient treatment and was released with staff approval from Shepherd Hill. She stated that he is completing his Aftercare at Greene Hall and is attending his required AA/NA/Caduceus as required. Ms. Davis reported to the Board members that Dr. Ritzi has obtained a monitor who will help him regarding compliance and his Consent and with his random urine screens. Ms. Davis commented that Dr. Ritzi obtained his monitor through the Ohio Dental Association's Dentist Concerned For Dentist (ODA DCD) program.

Ms. Reitz took a moment to introduce Mark Wenzel, D.D.S. of the ODA DCD. She commented that Dr. Wenzel has become a great resource for impaired dentists and is glad to see him here today to thank him for all he has done for the Board and for the program.

Upon questioning by the Board, Dr. Ritzi stated that he had completed his treatment at Shepherd Hill June, 13, 2008 and was grateful to be here today. He stated that he has done everything that his sponsors have asked him to do. Dr. Ritzi said that he attends meetings several times per week, has been taking life one day at a time, and is enjoying his recovery.

When asked whether he was taking any medication for pain, Dr. Ritzi informed the Board members that he has been taking Advil[®] and is currently seeing a chiropractor for his back pain. He stated that he believes that he has been an alcoholic all of his adult life, however, no earlier consequence required or forced him into treatment.

When asked what had been his greatest lesson he has learned from this experience, Dr. Ritzi stated that he now knows that he has a disease. He stated that he also now knows and has the tools to help manage his disease. Dr. Ritzi informed the Board members that if he misses a program he feels lousy, that he is a people-pleaser with control issues. He stated that if permitted to return to practice he would probably go back only one to two (1-2) days per week. He informed the Board members that his wife has hired two (2) dentists to cover his patients during his absence.

Dr. Armstrong concluded the interview by explaining to Dr. Ritzi, that as with Dr. Kuehner before him, the Board does not consider reinstatement for impaired licensees on the first interview. Therefore, he requested Dr. Ritzi to return for a subsequent interview with the Board at its August meeting.

RICHARD G. SKOULA, D.D.S.

Ms. Davis introduced Dr. Richard G. Skoula and informed the Board that he is appearing for his second appearance with the Board after completing inpatient treatment at The Cleveland Clinic for abuse of alcohol. She stated that Dr. Skoula was currently completing Aftercare at The Cleveland Clinic and has made contacts to get previous issues regarding his Caduceus meetings corrected. Ms. Davis told the Board members that Dr. Skoula is currently attending his required AA/NA meetings and continues with his recovery.

Upon questioning by the Board, Dr. Skoula stated that he has been working the AA program and reflecting on life, his profession and how the two (2) inter-twined as they relate to his problem. He stated that he now has the tools to deal with his abuse. Further, he stated that he has a great appreciation for patients, that there are a number of good people around him who have been very supportive. He stated that he wanted to especially express his "thanks" to Dr. Paulus of the ODA DCD for his continued support and mentorship.

When Board members inquired as to Dr. Skoula's future plans, he replied that he has hired two (2) dentists to come in to his practice to cover his patients while he is recovering. He stated that he is considering revamping the way he performs dentistry and will probably be working only about thirty (30) hours per week. He stated that he wants to return to practice very slowly and progressively get back into it and re-acclimated.

Motion by Dr. Kaye, second by Dr. Howard, to reinstate the license of Richard G. Skoula, D.D.S. to practice dentistry in the state of Ohio pursuant to the terms of his consent agreement with the Board.

Motion carried unanimously.

MICHAEL MISENCIK, D.D.S.

Ms. Davis introduced Dr. Michael Misencik and stated that he was appearing before the Board today at the their request and after signing an acknowledgement that he appear before the full Board regarding his dental license reinstatement application. She

informed the Board that upon receipt of Dr. Misencik's application, Dr. Edward Hills, Board Secretary, recommended that Dr. Misencik sign the acknowledgement in order to present his "case" to the Board for their decision on whether to reinstate his dental license.

Ms. Davis reminded the members that Dr. Misencik has a long history with the Dental Board. She stated that Dr. Misencik entered into a Consent Agreement in June, 1997 for an impairment issue. She said that as a stipulation to his consent agreement he agreed to a three (3) year probation that ended in June, 2000. Ms. Davis stated that according to Dental Board records, anonymous information was provided to the Board in October, 2004 that indicated Dr. Misencik was abusing alcohol and controlled narcotics. As the investigation continued, it was discovered that Dr. Misencik had been arrested for Operating a Motor Vehicle while Under the Influence (OMVI), fleeing and eluding and several other charges. She stated that the investigation continued and the Board attempted to get Dr. Misencik into another Consent Agreement. She said that he continued to deny that he was drinking and/or abusing drugs and it eventually got to the point that Dr. Misencik skipped from job to job in order to avoid the Board. Ms. Davis stated that Dr. Misencik did not keep the Board office up-to-date with his employer or home address in order to deliberately impede any efforts to locate him.

Continuing on, Ms. Davis stated that after unsuccessfully trying to get Dr. Misencik into a Consent Agreement, a Notice of Opportunity was issued in November, 2005 due to his multiple arrests for Driving Under the Influence (DUI). She stated that this case went to hearing in April, 2006 and an Adjudication Order was issued in August, 2006. Ms. Davis said that at that time, the Board indefinitely suspended Dr. Misencik's license for a period of no less than nine (9) months. She stated that he was ordered to complete treatment along with other stipulations prior to being allowed to seek reinstatement of his dental license. Ms. Davis informed the Board that Dr. Misencik again avoided the Dental Board by not retrieving his certified letter with the results from his hearing. Therefore, she stated that it was several months before Dr. Misencik received the order via hand-delivery by a Dental Board investigator during another court hearing.

Ms. Davis stated that Dr. Misencik had attempted to go into treatment within the thirty (30) days as ordered, however he had admitted to Laurelwood Treatment Center (Laurelwood), which had been removed from the approved list a few months prior. She informed the Board members that when the Board office received the information that Dr. Misencik had been admitted to Laurelwood, a letter was sent to him explaining that Laurelwood was no longer a Board-approved treatment provider. She stated that at that time he began the process to be admitted into another treatment center with the help of his local county treatment program office, due to financial reasons. Ms. Davis informed the Board members that Dr. Misencik was placed on a waiting list in April, 2007 and was admitted into treatment at the beginning of May, 2007.

Continuing on, Ms. Davis reported that Dr. Misencik was only a few days from completing his treatment when he was unsuccessfully dismissed from the program due to the fact that the program workers found sleeping pills in his jacket pocket during a random search of his room. She stated that a representative of the program contacted the Board and explained what happened. Ms. Davis stated that when Dr. Misencik was contacted regarding the incident, he took no responsibility for his actions.

Ms. Davis further informed the Board members that Dr. Misencik explained his physician had prescribed him the sleeping pills twice daily. However, she stated that he explained that he would take the sleeping pills in the morning and early evening, but when he took the second dose, he would feel very tired afterwards and had a hard time concentrating during evening meetings, classes, etc. Ms. Davis stated that Dr. Misencik said he began to “pocket” the pills instead of going to his physician and having the dosage reduced. Ultimately, she said that Dr. Misencik filed an appeal to the treatment center and was subsequently allowed back into treatment. Since then, she stated, Dr. Misencik was successfully discharged in September, 2007.

Concluding her report, Ms. Davis stated that at this time Dr. Misencik has attempted to be in compliance with his Adjudication Order, however, he has not been able to do this. She stated that he does not always attend his required amount of meetings and he has been told about his non-compliance issues on several occasions. Ms. Davis stated that Dr. Misencik has been “mostly” in compliance since his release from treatment.

Upon questioning by the Board, Dr. Misencik stated that he was very involved with AA and could not understand how the Board had recorded him as not in compliance. Dr. Misencik commented that he was under the impression that he was completely compliant with his Adjudication Order. He stated that as evidence of this fact, he is currently working in construction and that someone from the crew, who also attends meetings, has been taking him since he does not have a current driver’s license to drive himself.

When questioned whether he was unclear as to the meetings he was required to attend, Dr. Misencik informed the Board that the only meetings wherein he has not attended were as a result of lack of transportation. He stated that he attends many AA meetings with another impaired licensee, Dr. Adler, who also supports his attendance. He stated that Cynthia Downing, has faxed quarterly statements to the Board office regarding his recovery and has previously stated that he is doing well in his recovery.

Board members questioned Dr. Misencik’s “mostly compliant” status, commenting that he could only be either “in compliance” or “not in compliance” and that apparently Dr. Misencik was not. Board members then questioned Dr. Misencik as to the options available to ensure his attendance to the required aftercare and three (3) AA meetings per week. Dr. Misencik admitted that in the past his involvement was not what it was

supposed to be. However, he said that now that he has gained the support of his group it has made attendance and his recovery efforts much easier. Dr. Misencik informed the Board that his license to drive is currently suspended for another nine (9) months, however, he could possibly petition the court to allow driving privileges for this reason and/or for work.

When asked why he had not pursued reinstatement of his dental license prior to this time, Dr. Misencik informed the Board members that he had just recently become eligible for reinstatement due to the timeframes involved with treatment providers, etc. He indicated that he had last practiced in October, 2006.

EXECUTIVE SESSION

Motion by Dr. Wallace, second by Ms. Staley, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to discuss issues in the matter of Michael Misencik, D.D.S.

Roll call vote.

Motion carried unanimously.

Dr. Armstrong requested Ms. Davis to attend the executive session.

OPEN SESSION

The Board resumed open session at 2:11 pm.

Dr. Kaye informed Dr. Misencik that it is the Board's directive that he continue to attend aftercare through November, 2008. He stated that the Board will consider reinstatement of Dr. Misencik's license to practice dentistry at that time, if he remains thoroughly in compliance with the aftercare and meeting requirements, has completed all continuing education requirements for reinstatement, and completes a dental skills assessment performed by Board-approved evaluators at The Ohio State University, College of Dentistry.

JOHN W. BALL, JR., D.D.S.

Ms. Reitz informed the Board members that Dr. John Ball, Jr. was in attendance requesting reinstatement of his license to practice dentistry. She stated that the Board members have received a summary of Dr. Ball's history with the Board which originally began with his non-renewal and non-compliance with the continuing education

requirements as far back as 1999. The summary as provided to the Board members is as follows:

On July 11, 2007, Dr. Ball entered into a Consent Agreement with the Board to settle the issues surrounding his failure to renew and practicing on a suspended license. His license was suspended in this consent agreement, and he was required to do certain things in order to be considered for reinstatement. In this consent agreement, he agreed to do the following :

- 17 hours of CE (to make up the hours short for the 2004-2005 biennium)
- 40 hours of CE in Ethics
- Take and Pass the Jurisdiction Exam, closed book, in the Board office
- Monthly Declarations stating compliance with the consent agreement
- Documentation that he has taken 40 hours of continuing education for the 2006-2007 biennium.

On March 8, 2008, the Board sent Dr. Ball a letter restating these reinstatement requirements, because as of that time nothing had been received from him.

On April 9, 2008, Dr. Ball submitted his reinstatement application. After reviewing his application, I sent Dr. Ball an e-mail indicating with specificity that his reinstatement application did not meet any of the requirements outlined in his consent agreement, except for three acceptable CE hours toward meeting the 17 hour requirement. I expressed concern to him that he submitted answer sheets in attempt to say that he completed the other 14 CE hours, and whether that was in fact accurate. Dr. Ball replied by asking me, where do we go from here? I responded that he should work on meeting the requirements and keep me informed. He said he would do this.

On May 16, 2008, Dr. Ball submitted four (4) course completion certificates showing that 14 hours of CE was completed on May 8, 2008 for a total of 17 hours needed to complete the 40 continuing education requirements for the 2004-2005 biennium per your consent agreement. These certificates match the course titles for the answer sheets you submitted on April 9, 2008, however, they indicate that the courses in fact were not completed until May 8, 2008.

On May 16, 2008, Dr. Ball attached a full page, of what was to be submitted on a monthly basis, his declaration of compliance with the consent agreement.

On Wednesday May 21, 2008, Dr. Ball took and passed the jurisprudence examination here at the Board office.

On May 23, 2008, I received confirmation from Dr. Homenko that the remaining 20 hours of Ethics continuing education credit has been completed, and that a certified letter from her to you was being sent with a copy to me. However, payment was ultimately not made as the check to Dr. Homenko bounced. Therefore, that certificate was not sent in at that time.

On July 3, 2008, the Board received complete documentation that Dr. Ball had completed forty hours of acceptable CE for the 2006-2007 biennium, per his agreement. I did not like the fact that when Dr. Ball submitted his reinstatement application in April, he signed an affidavit attesting that he had done the hours for the 2007-2007 biennium, and he had not. However, the CE has since been taken.

On July 7, 2008, I received confirmation from Dr. Homenko that payment had been made for the Ethics continuing education, therefore, that requirement has been met.

Dr. Ball was initially told he could not come to the Board meeting until August, due to the fact that his reinstatement application was inaccurate, etc.. However, he has requested to appear this meeting, and Dr. Hills and Dr. Armstrong approved that request.

I have also attached for your review the history the Board has had with Dr. Ball, as most of you were not on the Board, and therefore have no information regarding that.

Dr. Ball is now requesting reinstatement of his license, effective immediately.

Upon questioning by the Board, Dr. Ball stated that he had not planned on addressing the Board at this time. He stated that he has had fourteen (14) months to reflect and feels that this has made him a better person. He stated that he now appreciates that amount of effort and the seriousness of this issue before the Board.

Dr. Ball stated that with regards to the continuing education (CE), a series of administrative errors has put him before the Board members today. He stated that in 2004 and 2002, he had not submitted the required CE and had been reprimanded. Dr.

Ball stated that he made sure that the information was submitted in 2006. However, he stated that there were additional administrative errors.

Mr. Readler questioned Dr. Ball with regards to this statement. He stated that Dr. Ball informed them that he had ensured that his CE for his renewal [2006-2007] had been submitted to the Board office, yet he had accused the Dental Board executive offices of losing the information. Further, Mr. Readler stated that in actuality it had been determined that Dr. Ball had NOT completed the CE requirements for renewal and therefore, could not possibly have submitted the documentation he was now stating that the Dental Board office had lost. He then asked Dr. Ball to clarify his statements.

Dr. Ball stated that a Consent Agreement with the Board was ultimately signed. He indicated that the seventeen (17) credit hours described in the Consent Agreement were those seventeen (17) CE credit certificates that were lost and could not be found.

When questioned as to the "lost" CE certificates and how Dr. Ball was going to resolve that issue for the next biennium, he stated that he would walk his CE certificates to the Dental Board offices himself if he had to since he would not allow this to happen again.

Board members referred to Ms. Reitz's summary and inquired as to the answer sheets that he had submitted to the Board office as evidence of completion of the CE requirements. Dr. Ball stated that after working 23 years and new no income, a mortgage to pay, and private schools, etc. the answer sheets were submitted but his checks to the CE provider did not clear. Ms. Reitz informed the Board members that the CE provider had been contacted in this regard and it had been determined that Dr. Ball had not taken any coursework with them since 2005 which indicated that in all actuality the coursework had not been taken as Dr. Ball had led the Board office to believe.

Dr. Ball then stated that with regards to the ethics continuing education that he was required to take as terms of his Consent Agreement, he had requested Dr. Donna Homenko to post-date his check to June 1st, 2008 since he knew he had insufficient funds to cover the amount of the coursework. He claimed that Ms. Homenko had not honored his request and subsequently the check was returned for insufficient funds.

EXECUTIVE SESSION

Motion by Dr. Wallace, second by Ms. Naber, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to discuss issues in the matter of John W. Ball, Jr., D.D.S.

Roll call vote.

Motion carried unanimously.

Dr. Armstrong requested Ms. Reitz to attend the executive session.

OPEN SESSION

The Board resumed open session at 2:45 pm.

Motion by Dr. Leffler, second by Dr. Kyger, to reinstate the license of John W. Ball, Jr., D.D.S., to practice dentistry in the State of Ohio subject to the terms of his Consent Agreement with the Board

Dr. Leffler stressed that he has a lot of regret with regards to reinstating Dr. Ball's license to practice dentistry. He stated that he only made the motion in the hopes that future Board members will recognize the need for immediately taking action to suspend licensees such as Dr. Ball and take away his license to practice. He commented that it is appalling that this case originally goes back as far as Dr. Ball's 1999 renewal for the 2000-2001 biennium. He further stressed that with this reinstatement of his license to practice dentistry, Dr. Ball should take care to ensure that he remains compliant with all the terms of his Consent Agreement as stipulated or face further Board action.

Roll call vote.

Motion carried. Dr. Kaye voted no.

Dr. Armstrong concluded the discussions with Dr. Ball by stating that his license was now formally reinstated. He then stated:

“Let the record reflect that Dr. Ball's issues with the Board began in 2000. Should you appear in front of the Board again for any future violations, it is the intent of this Board that your license to practice dentistry in the state of Ohio shall be revoked.”

DENTIST AND DENTAL HYGIENIST – NOTICE OF FAILURE TO RENEW/WARNING LETTER

Ms. Reitz explained to the Board members that in addition to the licensees in Ohio that the Board just voted to issue notices to, there are one hundred and thirty-three (133) out-of-state licensees who have failed to renew or respond to the February 6, 2008 Warning letter that was issued to their last known address on file with the Board. She stated that she has prepared a final letter informing them of their suspended status and instructing them on what they are required to do to either reinstate their suspended license or place it in a retired status at this time with the stipulation that they must obtain ethics CE prior to any future reinstatement.

Discussion followed wherein Board members expressed their concerns that these licensees were being treated differently than those licensees with addresses listed in the state of Ohio.

Motion by Dr. Kyger, second by Dr. Wallace, to approve the final warning letter for mailing to out-of-state suspended licensees.

Motion carried.

REPORT AND RECOMMENDATIONS

REPORT AND RECOMMENDATION IN THE MATTER OF DAVID E. BULLARD, D.D.S.

Dr. Howard announced that the Board would now consider the Hearing Officer's Report and Recommendation in the matter of David E. Bullard, D.D.S. that was filed by Hearing Examiner, Paul Stehura, Esq., on May 14, 2008.

Dr. Howard then proceeded by asking whether each member of the Board had read the Hearing Examiner's Report and Recommendation in the matter of David E. Bullard, D.D.S.

Roll call: Dr. Armstrong – Yes
 Dr. Howard – Yes
 Dr. Desai – Yes
 Dr. Kaye – Yes
 Dr. Kyger - Yes
 Dr. Leffler – Yes
 Ms. Naber – Yes
 Mr. Readler – Yes
 Ms. Staley – Yes
 Dr. Wallace - Yes

Dr. Howard then proceeded by asking whether each member of the Board had the record, including the transcript, available to refer to when necessary in reviewing this matter?

Roll call: Dr. Armstrong – Yes
 Dr. Howard – Yes
 Dr. Desai – Yes
 Dr. Kaye – Yes
 Dr. Kyger - Yes

Dr. Leffler – Yes
Ms. Naber – Yes
Mr. Readler – Yes
Ms. Staley – Yes
Dr. Wallace - Yes

Dr. Howard then asked if each member of the Board had read any Objections to the Report and Recommendation that had been filed in reviewing this matter.

Roll call: Dr. Armstrong – Yes
Dr. Howard – Yes
Dr. Desai – Yes
Dr. Kaye – Yes
Dr. Kyger - Yes
Dr. Leffler – Yes
Ms. Naber – Yes
Mr. Readler – Yes
Ms. Staley – Yes
Dr. Wallace - Yes

The original Order, Report and Recommendation and any objections shall be maintained in the exhibits section of this journal.

Dr. Howard then stated that the Board's minutes would serve as the official record of the proceedings. She then asked if Dr. Bullard and/or his attorney were present.

FRANK R. RECKER, D.D.S., ESQ.

Dr. Recker thanked the Board members for the opportunity to speak with them in regards to this issue. He stated that this case involves one incident in Dr. Bullard's career as a practicing dentist in over thirty (30) years. He informed the Board members that Dr. Bullard is the only Medicaid provider in that area of the state who is capable of providing general anesthesia and similar types of services to medically compromised patients. He stated that because of that, Dr. Bullard performs these services on a regular basis to patients who would not otherwise have access to treatment. He stated that Dr. Bullard often receives referrals from The Ohio State University for Medicaid patients as he is the only one in the area who can provide access to care for medically compromised patients.

Dr. Recker stated that oral and maxillofacial surgeons evaluate patients and make these decisions repeatedly every day based on their education, training and experience. He informed the Board members that in his opinion none of the expert witnesses testified or provided evidence negating Dr. Bullard's decision not to obtain a consult

with the patient's physician. He stated that none of the experts were able to physically evaluate the patient themselves but rather, only the records. Dr. Recker indicated that is where Dr. Bullard's normal procedures for assessing patients prior to surgery is crucial. He stated that both Dr. Bullard and his surgical assistant had met with the patient and guardian/caregiver to review the patient's health history. Dr. Recker stated that Dr. Bullard then physically evaluated the patient including the patient's airway, including the recent surgery site and rod, prior to making the decision to proceed. He then pointed out that the patient's guardian/caregiver testified to the patient's general health as good and responding well to physician's treatment. Dr. Recker stated that the patient's health was so good that he was in the process of scheduling an elective hip replacement surgery that would allow him to walk again. Therefore, Dr. Recker stated that Dr. Bullard based his decision to proceed with the oral surgery on his education, training and years of practice as an oral and maxillofacial surgeon.

Concluding, Dr. Recker encouraged the Board members to reject the Hearing Examiner's Report and Recommendation based on the fact that the Board failed to provide evidence that Dr. Bullard's treatment of the patient was below the standard of care.

DAVID E. BULLARD, D.D.S.

Dr. Bullard introduced himself and reiterated that he had been practicing dentistry for over thirty (30) years. He informed the Board members that while in service with the United States Air Force he had taught Advance Cardiac Life Support (ACLS) for ten (10) years. He stated that in his oral and maxillofacial surgery practice he sees many patients with one, more or even several medical conditions on a daily basis and evaluates them based on the knowledge he has been taught and has practiced for all those years. Dr. Bullard reiterated that he is the only one in that area who is qualified to administer oral sedation. He stated that with regards to any physician consultation in this matter, the question is asked whether the patient's chronic conditions can be improved by a consultation. Dr. Bullard stated that he performed his evaluation of the patient and based his preoperative decisions on the general good health of the patient with chronic conditions such as his coupled with the information provided by the patients guardian/caregiver.

Dr. Bullard continued by stating that there was no testimony provided at the hearing that the outcome would have been different, even if the procedure had been performed in a hospital rather than right next door to one. He stated that he has had had three (3) years to think about this incident and not until recently had he become aware that the possibility existed that the cardiac medicine that the patient had been taking, Zelnorm[®], had been taken off the market in early 2007, nearly two and a half (2½) years after this incident, for its connection to cardiac episodes similar to those experienced by the patient. He stated that the patient was under treatment from a physician, he reviewed

the patient records afterwards, and that there was nothing in his physical health history that he did not already know.

Concluding, Dr. Bullard commented that Dr. Joel Weaver at The Ohio State University College of Dentistry also treats medically compromised patients with cerebral palsy and confirmed his assessment that no consult was necessary in this matter due to the fact that nothing could be done in this case to further optimize this patients chronic health conditions.

KAREN A. UNVER, ESQ., ASSISTANT ATTORNEY GENERAL

Karen A. Unver, Esq., Assistant Attorney General in this matter began by introducing herself to the Board and stated that Dr. Bullard would like the Board to believe that the standard of care for determining when to send a patient for a preoperative consultation is made by the oral surgeon only. She stated that the very reason for a standard of care is to require a medical professional to use a reasonable degree of skill and diligence performed by members of the profession. Ms. Unver stated that the standard of care should evoke a uniform determination of how to medically manage a particular procedure or patient. Otherwise, she stated the standard would be meaningless and patient safety would be at risk. She stated that in this case Dr. Bullard deviated from the standard of care by failing to obtain a preoperative consultation with the patient's physicians even though the patient was significantly compromised.

Continuing on, Ms. Unver informed the Board that out of the 18,000+/- patients that Dr. Bullard has treated in the past six (6) years, he had only obtained medical consultations for four to five (4-5) patients and only performed oral surgery in a hospital setting two to three (2-3) times. She stated that Dr. Bullard had never treated a cerebral palsy patient with an eight to ten inch (8"-10") metal rod inserted in the back of the patient's neck. Ms. Unver stated that this patient was not a typical patient with general good health; this patient was a significantly compromised patient considered to be an ASA III classification by three (3) out of four (4) experts in this case. She went on to explain that the patient had recently undergone surgery to remove a bony mass that had threatened his airway, was confined to a wheelchair, had spastic movements of his body, a healing tracheotomy, and was non-verbal, in addition to the metal stabilization rod in the back of his neck.

Ms. Unver stated that not only did Dr. Bullard not ask any follow up questions of the patient's guardian/caregiver but queried as to what minimal cost it would have been to Dr. Bullard to take the time necessary to obtain a preoperative consultation. She stated that a five (5) minute phone call, a signed release, or obtaining medical records in the month prior to the patient's oral surgery would have allowed Dr. Bullard to obtain further information about the patient's medical history and been well-informed regarding

his airway management issues. Ms. Unver stated that the Hearing Examiner summed up the issue as follows:

“Dr. Bullard did not inquire further or obtain sufficient additional details about the specifics of the bony mass that Patient 1 had in his throat in 2004, the surgery to remove the bony mass, the metal rod placed to his spine or Patient 1’s recovery from the 2004 surgery, which included pneumonia. The standard of care would have required obtaining additional information about these items under these circumstances prior to proceeding with the extraction procedure.”

Continuing on, Ms. Unver stated that with regards to the objections to the Hearing Examiner’s Report and Recommendation in this matter, Dr. Bullard went to great pains to characterize this patient as a person who was in optimal health for his condition and that there was no further information he could have obtained from a preoperative consultation. She stated that Dr. Bullard went so far as to suggest that a preoperative consultation could have been detrimental to the oral surgeon and that such a statement defies logic to even consider that obtaining further information from a simple phone call, fax or e-mail request for patient records or history could be detrimental to making decisions regarding a treatment plan. Ms. Unver stated that as far as this patient’s health was concerned, this is a patient who had undergone a very serious and unique operation one (1) year prior to this incident who came out of Dr. Bullard’s office in critical care and died six (6) days later at the hospital. She stated that this incident speaks volumes to the health of this patient and patient safety in general.

Concluding, Ms. Unver asked the Board to overrule the objections filed by Dr. Bullard and adopt the findings of the Hearing Examiner in this matter.

EXECUTIVE SESSION

Motion by Dr. Wallace, second by Mr. Readler, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22 (G)(1) to deliberate and consider the charges and report and recommendation filed in the matter of David E. Bullard, D.D.S.

Motion carried

Motion by Dr. Wallace, second by Ms. Staley, to amend the Hearing Examiner's recommended Order as follows:

It is hereby ORDERED:

- 1. The license of DAVID E. BULLARD, D.D.S. to practice dentistry in the state of Ohio, including all permits issued by the Ohio State Dental Board, shall be SUSPENDED for ten (10) business days. Dr. Bullard shall immediately refer all his patients who may need treatment within that time period to other practitioners.*
- 2. DR. BULLARD shall not perform general anesthesia until he provides acceptable documentation of successful completion of a continuing education program, approved in advance by the Board Secretary, of thirty (30) hours in the areas of the evaluation of medically compromised patients for outpatient general anesthesia procedures, and*

- consideration of alternative treatment methods. DR. BULLARD shall pass an examination related to the content of the program. The 30 hours shall be in addition to the forty (40) hours of continuing education needed for licensure renewal.*
- 3. DR. BULLARD may perform IV Conscious Sedation once the suspension set forth in Paragraph 1. is served.*
 - 4. Upon completion of the suspension and continuing education set forth in Paragraphs 1 and 2 of this Order, DR. BULLARD may resume the practice of dentistry in the state of Ohio, but his license shall be subjected to the following PROBATIONARY conditions for a period of no less than three (3) years:*
 - a. DR. BULLARD shall submit to the Board, on at least a quarterly basis, a written report indicating his compliance with all probationary terms and conditions.*
 - b. Upon Board request, DR. BULLARD shall make any or all of his patient records available for inspection and review. At the Board's discretion, such records may be reviewed by a consultant to the Board.*
 - c. DR. BULLARD shall appear before the Board or its designee as requested by the Board.*
 - d. DR. BULLARD shall obey all federal, state and local laws and rules governing the practice of dentistry in Ohio.*
 - 5. Upon successful completion of his probation, DR. BULLARD's license shall be fully restored.*

This ORDER shall take effect thirty (30) days from the mailing date of this Order.

Discussion followed wherein Dr. Wallace stated that the hearing examiner's conclusions of law indicated that he found evidence that Dr. Bullard violated the accepted standards of care for the profession by not obtaining a preoperative consultation prior to performing surgery on Patient 1. He stated that the Board supports this conclusion.

Dr. Wallace stated that in addition to ensuring the patient is in optimal health, the purpose of a pre-op consult is to gather additional information necessary to ensure that the proposed treatment plan is safe for the patient. Additional information is beneficial when certain factors about the patient's current health conditions, systemic diseases, previous conditions or surgeries could impact the decision regarding the safety of the

patient during a planned surgery. This information assists the dentist in issues regarding airway management, anesthetic choice and the optimal location to perform the surgery.

Dr. Wallace explained that in this case, there were several other treatment pathways available to Dr. Bullard. Certain relevant information should have been obtained for this patient, especially the information about the recent surgery that involved a bony mass in the patient's throat, a tracheotomy and the placement of a rod in the patient's neck, and the 2 month hospitalization that followed. Once Dr. Bullard made the decision to treat this patient in the manner chosen, a general understanding of the many constantly changing medical concerns this patient is likely to have, should have prompted Dr. Bullard to get a pre-operative consultation. The Board believes that the failure to do so falls below the standard of care.

Dr. Wallace stated that the Board was making modifications to the recommended order because the Board believes that while Dr. Bullard should be held accountable by having to serve a short suspension, the public will be better served by Dr. Bullard taking the required CE in the areas we set forth, to make him a better, smarter and safer practitioner.

Motion by Dr. Leffler, second by Dr. Kyger, to approve the Secretary's expense report.

Motion carried.

EXECUTIVE DIRECTOR'S REPORT

OHIO DENTAL HYGIENISTS' ASSOCIATION

Ms. Reitz informed the Board members that she had met with Suzanne Savanick, R.D.H., President, and Jeanne Huber, R.D.H., President-elect, of the Ohio Dental Hygienists' Association (ODHA) at their request. She stated that they had wanted to meet with her to introduce themselves and take a brief opportunity to discuss current legislation and other issues. Ms. Reitz informed the Board members that it had been a pleasant discussion.

2010-2011 BUDGET REQUEST

Ms. Reitz informed the Board members that she is currently in the process of preparing the Board's 2010-2011 Budget request. She informed the members that while all of the Board expenses and administrative costs are increasing, she has been informed that none of the boards and commissions will be permitted to increase their budget requests. She stated that this includes no allowances for payroll increases that are mandated by law and state contract.

Ms. Reitz stated that she is still planning on moving the Board executive offices to the seventeenth (17th) floor of the office tower, due to lack of space in our existing offices, however, the move will cost approximately \$40,000-\$50,000 that was not originally accounted for in our current budget. She stated that there is reserve monies from licensing fees that goes into the 4K9 fund for one-time reserve spending. Ms. Reitz stated that she plans on requesting this amount from the Controlling Board as a one-time expense.

Ms. Reitz informed the Board members that this will be the first time that they will be using the state of Ohio's new Ohio Administrative Knowledge System (OAKS) accounting system to submit the Board's proposed 2010-2011 budget. She commented that there are two (2) huge three-ring binders that contain the instructions for submitting the proposed budget. She stated that she feels this will be a challenge but will definitely be workable.

DENTAL TEAM SUMMIT MEETING

Ms. Reitz informed the Board members that she will be attending the annual Dental Team Summit Meeting on July 25, 2008 that is being held at the Ohio Dental Association offices. She stated that representatives from all factions of dentistry, ODA, ODHA, ODAA, ODEFA, Dental Auxiliary, and the Board, meet annually to discuss and share what is going on with their individual representative organizations. Ms. Reitz informed the Board that as the hosting organization this year, she has asked former Board member, Dr. Wright, to present his course "Introduction to Dental Forensics".

WBNS TV - CHANNEL 10

Ms. Reitz informed the Board members that one of the local television stations, WBNS TV – Channel 10 will be airing a series called "Dentists Rate Dentists" that begins airing this Sunday, July 17, 2008. She stated that they had done a poll of the Columbus area dentists requesting that they rate their fellow professionals. Ms. Reitz stated that they would be airing one (1) specialty each day and that they had contacted her for an interview with her portion of the series to appear on Friday. She stated that the last specialty to appear on Friday immediately prior to her interview was regarding "Cosmetics" which she informed them was NOT a recognized specialty in the state of Ohio and that her interview would reflect that information.

BLEACHING KIOSKS

Ms. Reitz distributed copies of information on bleaching kiosks in malls that has been collected and prepared by Board Investigator Assistant, Barb Palmucci. She stated that she had met with Keith Kerns, Esq. of the ODA to discuss this issue at length. Ms. Reitz stated that at this point, they have supplied this information to the prosecutor's office, but will continue to gather information and share said information with the ODA.

ANYTHING FOR THE GOOD OF THE BOARD

2009-2010 BOARD MEETING SCHEDULE

Ms. Reitz indicated that a 2009 and 2010 calendars had been included in the Board meeting notebooks. She stated that the calendars indicated the AADA and AADE mid

year meetings and State of Ohio employee holidays. She noted two (2) additional dates to be aware of for the AADE annual meetings; September 30 through October 2, 2009 and October 13 through October 15, 2010.

Board members discussed possible meeting dates for the year 2009 and decided on the following tentative schedule:

January 9	August 26
February 18	September 23
April 8	November 4
May 13	December 9
July 8	

All meetings will begin at 1:00 p.m.

Discussions began on setting dates for the 2010 Board meeting year but no specific dates were set. It was that the Board would revisit the 2010 schedule at its next meeting in August.

ELECTION OF OFFICERS

Ms. Naber suggested that the Board hold its annual election of officers and committee appointments in November of each year. Discussion followed wherein Ms. Reitz stated that she would take in under advisement.

ADJOURN

Dr. Armstrong adjourned the meeting at 4:32 p.m. He stated that the next meeting would be on August 13, 2008.

Mark A. Armstrong, D.D.S.
Vice-President and Acting Chair

Edward R. Hills, D.D.S.
Secretary
