Enforcement

Personal Appearance(s)

Amy Robinson, R.D.H.

Dental Board Enforcement Officer Barb Yehnert provided background information to the Board regarding Amy Robinson, R.D.H. beginning with her first consent agreement in 2007 up to her current consent agreement from December 2019. Ms. Yehnert explained that Ms. Robinson has complied with the terms of her current consent agreement and is seeking reinstatement of her dental hygiene license at this time.

Ms. Robinson stated that regarding her recovery she felt like she could not continue living as she had in the past. She stated that she began attending Alcoholics Anonymous (AA) again but that during her previous attendance to AA she had not been fully engaged or invested in her recovery. She said that this time around she became involved and connected with people, got out of her comfort zone, has a sponsor, and now stays involved in her recovery. She said that this time around it boiled down to the fact that she wants to be sober more than she wants to drink or use. She stated that she has remained sober due to the strong foundation in AA and her sponsor. She stated that she has been working the front desk at a dental office for a little over three (3) years and they know her whole story, and are very supportive of her.

When questioned about practicing dental hygiene and possible employment, Ms. Robinson stated that she had last actively practiced clinically in 2013 but has taken a dental hygiene refresher course. She stated that her

current employer has two (2) part-time dental hygienists who alternate every other weekend but would prefer not to have to work any weekends. She stated that if she was reinstated, she could possibly fill-in for now and then sometimes work the weekends and also pick up other hours through a temporary service. She stated that she was not necessarily seeking full-time reinstatement and was deferring to the Board on what they thought best. She commented that she was hoping to get back into clinical practice slowly while still maintaining her front desk duties with her current employer but no more than forty hours of work combined per week.

When asked what inspired her to continue to pursue reinstatement of her dental hygiene license, Ms. Robinson stated that she has worked very hard on getting her life back on track and that this was just one more step in the process. She commented that she worked hard to obtain her license, had practiced for many years, enjoyed clinical hygiene and that she misses it and working with patients. She stated that this will be just one more positive thing in her life.

New Business – Remedial Education

Ms. Scaramucci stated that as this was their first meeting there was no “Old Business” to discuss and under “New Business” they were addressing the charge from the Education Committee. The Education Committee was recommending the Research Committee look into new educational centers or opportunities to find alternative remedial education courses for individuals requiring further education in clinical areas. The Committee discussed the background of the matter including the Supervisory Investigative Panel (SIP) and Quality Intervention Program (QUIP) and how they coordinate remedial education processes. She stated some concerns to address include; the remedial education is at a significant cost involved for the dental professional, the remedial education takes a long time to create, many participants become disengaged and drop out of the program which ultimately ends up in discipline as a result. She said that with only the two (2) dental schools in Ohio participating in the QUIP, it is difficult for dental professionals from areas outside Cleveland and Columbus to attend the remedial education required.

Ms. Scaramucci stated that the Committee discussed concerns, data, and problems to date and came up with several suggestions. It is the decision of the Committee to investigate the following:

1. American Association of Dental Board (AADB) remedial education program, Assessment Services Program (ASP);
2. Academy of General Dentistry (AGD) hands-on courses;
3. General Practice Residency Programs (GPR); and
4. Other hands-on opportunities around the state.

Motion by Dr. Zucker, second by Dr. Kyger to approve the Research Committee report as presented.
