ENFORCEMENT REPORT

PERSONAL APPEARANCE(S)

STEPHEN P. GILMORE, D.D.S.

Ms. Noble introduced Stephen P. Gilmore, D.D.S. and stated that Dr. Gilmore was appearing before the Board in June after being asked to return after the May meeting. She reminded the Board members that previously the members had several questions regarding Dr. Gilmore's practice and how it was operating while his license was suspended. She indicated that she had forwarded a copy of Dr. Gilmore's response to those questions via e-mail prior to the meeting today.

Additionally, Ms. Noble stated that on June 17, 2011, the Board executive office had received an e-mail correspondence from an anonymous source, stating the Dr. Gilmore was drinking again. She stated that the Board office was unsuccessful in obtaining additional information in this matter. Ms. Noble informed the members that she had contacted Prospect House in order to get a random screen from Dr. Gilmore only to find out that he had moved from Prospect House sometime during the week following the May Board meeting. She stated that Dr. Gilmore's counselor could not give her the exact date of when Dr. Gilmore left but that she was advised he had left the program against their advice.

Continuing on, Ms. Noble stated that until recently, she had made several unsuccessful attempts to contact Dr. Gilmore since the May meeting. However, she stated that upon finally locating Dr. Gilmore it is her understanding that he has moved in with another individual who he met through his office manager and that it is her further understanding that it is sober housing. Ms. Noble indicated that Dr. Gilmore has not attended any aftercare meetings nor has he provided any urine screens, mostly due to financial reasons, since he left Prospect House. She further stated that it was her understanding that he is in the process of signing an agreement with Ohio Physicians Health Program (OPHP).

Upon questioning by the Board, Dr. Gilmore apologized for letting his emotions get out of control at the previous meeting and hoped that he had not offended any of the Board members. He then went on to explain that he is living with another individual who was a methamphetamine abuser 25 years ago, who no longer abuses but has Chronic Obstructive Pulmonary Disease (COPD) and other health issues. Dr. Gilmore explained that he does not drink or abuse any more and that any reports that the Board has received to that effect are false. He stated that there have been unsubstantiated false reports made to the Board in the past and can only speculate that they were competitive in nature.

Continuing on, Dr. Gilmore stated that in regards to the requirements of his consent agreement with the Board, he completed a substance abuse program as required and had continued on at Prospect House the additional time in order to obtain more recovery. Dr. Gilmore informed the Board that Prospect House comprised itself mostly of crack and heroine addicts usually in their young to early 20's and that there were penalties being imposed on all of the residents for violations of a few of them. Dr. Gilmore stated that he felt it was time for him to move on, however, he had already sold his house and was not being invited to move back in with his wife. He informed the Board that in his efforts to locate suitable housing he had not given a thought to continued meetings, urine screens, etc.

Dr. Gilmore stated that he has tried to comply with everything the Board has asked of him. He stated that additionally he has been clean and sober since January 4th, 2011 and has not practiced in over a year. Dr. Gilmore indicated that he is in a really positive place in his life right now. He stated that the billing issue from his previous meeting with the Board is being resolved right now, that all the patients that were seen were within the last seven (7) months, that his dental hygienist only worked six (6) days during that time. Dr. Gilmore stated that his purpose in keeping the office open was to keep his employees with a job, taking care of routine cleanings and to have an office to come back to in the future once the Board decided to give him his license back. He further stated that there has been no profit derived from the practice and no attempt to make a profit. Dr. Gilmore clarified that there had been clerical mistakes with the billing that having not been in the office himself, he was unaware of and is attempting to get cleared up.

When questioned as to whether the dental hygienist in Dr. Gilmore's office had complied with the law regarding practicing while the dentist was not present, Dr. Gilmore indicated that there was some confusion in that regard due to his understanding that a fellow dentist located in his office building had verbally agreed to become the supervising dentist during this time. However, Dr. Gilmore indicated that in the interim since, the dentist stated that there was no formal agreement and he felt that this was mostly due to Dr. Gilmore's formal action with the Board.

EXECUTIVE SESSION

Motion by Dr. Hanners, second by Dr. Beard, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to discuss issues in the matter of Dr. Stephen P. Gilmore, D.D.S.

STEPHEN P. GILMORE, D.D.S. (CONTINUED)

Dr. Wallace invited Dr. Gilmore to step forward. Dr. Beard informed Dr. Gilmore that the Board is happy that he has found a place wherein he can now have testing and screenings performed. He then stated that as of today Dr. Gilmore is NOT in compliance with the terms of his consent agreement with the Board. Dr. Beard stated that there are several requirements that he still needs to come into compliance with in terms of his consent agreement and that Ms. Reitz will draft a letter to him to document all the terms he must be in compliance with prior to returning to meet with the Board at its next meeting in August.
