OHIO STATE DENTAL BOARD

BOARD MEETING

June 21, 2017

Attendance

The Ohio State Dental Board (Board) met in Room 1960, of The Vern Riffe Center for Government and the Arts, 77 South High Street, 19th Floor, Columbus, Ohio on March 15, 2017. Board members present were:

Constance Clark, R.D.H., President

Michael Ginder, D.D.S.

Ashok Das, D.D.S., Vice President

Burton Job, D.D.S.

Patricia Guttman, D.D.S., Secretary

Susan Johnston, R.D.H.

Kumar Subramanian, D.D.S., Vice Secretary

Jamillee Krob, R.D.H.

Bill Anderson, D.D.S.

Andrew Zucker, D.D.S.

Ms. Ann Aquillo was not in attendance to the meeting.

The following guests were also in attendance: Katherine Bockbrader, Esq. of the Ohio Attorney General's Office; Nathan DeLong, Esq. and Henry Fields, D.D.S. of the Ohio Dental Association (ODA); Kenneth B. Chance, Sr., D.D.S., Dean, Case Western Reserve University College of Dental Medicine; Harry Kamdar, M.B.A., Executive Director, Lyndsay Nash, Esq., Deputy Director, Zachary Russell, Legislative and Communications Coordinator, Kathy Carson, Dental Board Enforcement Officer, and Malynda Franks, Administrative Professional, of the Ohio State Dental Board and other guests.

Call to Order

Constance Clark, R.D.H. introduced herself as the Board President and a dental hygienist from Dublin. After extending greetings to everyone, President Clark noted that there was a quorum present and called the meeting to order at approximately 1:36 p.m.

Board Business

Introduction of Board Members

President Clark then introduced the rest of the Board members. She introduced Dr. Ashok Das, the Board's Vice President and a general dentist from Mason, Dr. Patricia Guttman, the Board's Secretary and a general dentist from Columbus, Dr. Kumar Subramanian, the Vice Secretary and an Endodontist from Upper Arlington, Dr. Bill Anderson, a general dentist from Findlay, Dr. Michael Ginder, a general dentist from Athens, Dr. Burton Job, an Oral and Maxillofacial Surgeon from Akron, Ms. Susan Johnston, a dental hygienist from Columbus, Dr. Jamillee Krob, a dental hygienist from Canton, and Dr. Andrew Zucker, a general dentist from Sandusky.

President Clark stated that Ms. Ann Aquillo, the Board's Public member from Powell, was unable to attend the meeting.

Approval of Agenda

President Clark stated that she had previously reviewed the agenda for the day and asked if there was a motion to approve the agenda with the caveat to amend the agenda due to any extenuating circumstances.

Motion by Dr. Subramanian, second by Dr. Anderson, to approve the June 21, 2017 Board meeting agenda as presented.

Motion carried unanimously.

Review of Board Meeting Minutes

May 10, 2017 Meeting

President Clark informed everyone that the draft Minutes from the May 10, 2017 meeting had been forwarded to the Board members for review prior to the meeting and asked if there was a motion in regards to the Minutes from the May meeting.

Motion by Dr. Subramanian, second by Dr. Zucker, to approve the May 10, 2017 Board meeting minutes as presented.

Motion carried unanimously.

Public Comment/Presentations/Correspondence

Kenneth B. Chance, Sr., D.D.S., Dean, Case Western Reserve University College of Dental Medicine

President Clark welcomed Kenneth B. Chance, Sr., D.D.S., Dean of Case Western Reserve University College of Dental Medicine (Case).

Dean Chance thanked the Board for the opportunity to address them regarding the issues facing the Board today and stated that he was excited to witness the enthusiasm and experience that this group of members has to offer. He then explained that they were in a spirit of celebration at Case having just completed their accreditation with the Commission on Dental Accreditation (CODA) and happy to report that there were no recommendations for their general dentistry program and only one recommendation which has already been addressed for one of their six (6) post-graduate programs. They are celebrating their 125th anniversary beginning October 6th -8th, 2017 and will be having one full year of celebration.

Dean Chance informed the members that Case has been honored with the Callahan Memorial Award along with The Ohio State University School of Dentistry and expressed that Ohio is blessed with having two (2) great dental schools that complement each other in elements of access to care, elements of professionalism, and elements of scholarly activity. They work very closely in this regard, as well as with their auxiliary programs for dental hygiene and expanded function dental personnel.

Dean Chance shared his excitement for Case's new dental school which will feature an inter-professional piece which ties in with their ideas of who we are producing for the future, what type of professional are we producing for the future, and what regulations, opportunities and challenges we will be facing in our new day. Vision is very important because you [the Board] will mold that vision, you and the external environment will make a different type of scenario for all of dentistry to work together coming into a much more teamwork oriented environment. We have been asked to look at how the dental school can protect the interests of the public and that is something that is foremost in our minds in training our students, our fellows, and our resident's. You question "Who is a specialist?" and it is pretty cut and dry when you look at it in terms of the traditional manner in which we produce our specialists. We are in line with the CODA requirements with our education and associated policies. We believe

that we have a system that works that takes time to complete. The Board does not have the data or the evidence-based information that is necessary to come to a common decision or common ethic that a specific body of science or body of information connotes a specialty. This requires an in-depth discussion when we look in terms of that type of model that we have been using traditionally. Dean Chance mentioned the fellowship program and that the issue with CODA is that they will discourage the use of fellows in direct-patient interactions. Two (2) years before we went through accreditation we signed an agreement that no program of fellows would be providing direct care. That is in use and enforced now.

Dean Chance informed the members that the education of international scholars in collaborative programs are very important to Case and explained their collaborative programs in Egypt and Saudi Arabia. He stated that Case is in its second year of a six-year program that could render millions of dollars for the school and that they will continue to always look for wonderful opportunities such as in South America and other places as well in Europe.

Dean Chance stated that diversity is very important and commented that the last class of students have been the most diverse, as well as the most accomplished in the history of the school. In 2016, their class was the first majority female class in history. One hears about the pluses and the minuses of women dentists but he does not see any minuses for them as dentists. Our profession is being impacted upon in so many different ways and our strongest characteristic is our entrepreneurial spirit and our entrepreneurship. If we lose that we are going to be different. We want to be informed of regulations and we need to know the effect of those regulations short term and long term. Our vision is a vision of impact and influence, not only in the State of Ohio and the community that we are in but internationally. When we do that we bring everything back home and everything back that is important for how we do business, and how we learn what other people are doing across the globe. That is a necessity in our profession and not something that is superfluous but something that is part of the big picture. The ability for our faculty to be engaged and internationally renowned is something that we all benefit from as the State of Ohio. All of the types of policies that you referencing that you are dealing with impacts us directly in what we do and in what we teach our young people. We have to teach them not to be dentists but professionals that have a much wider range of influence, as well as the core competencies that make us dentists. Technology gives us the time and the place in which to do that. So we need your help in helping us do that and not one person governing all of this but rather the experiences that you all bear. He then thanked the Board again for the opportunity to give them some broad information in the things they are doing at Case.

Director Kamdar thanked Dean Chance to taking the time to share with the Board and stated that they appreciate it. He said that as you know we are trying to collaborate with all partners that are in the oral health base including academia stating that the discussions that morning were very interesting along with ideas about the future. He then questioned that with the evolving nature of the profession and the advent of things like teledentistry, what is Case doing in terms of incorporating some of that into the curriculum or is it already incorporated.

Dean Chance explained that teledentistry, along with all technologies have a price tag associated with them. He said that what they are doing now is building their infrastructure that will allow them to bring on the technologies necessary to do this and to sustain it. There is a diminishing return piece on the environment supporting dental education, diminishing revenue from the state, and the only thing they can depend upon is philanthropy. Case is under the cheapest system they could possibly have right now where everything is under one roof; research, clinics, education and administration. The dental school is the smallest but the richest of the nine schools at Case. We have surplus of over \$10 Million dollars which was achieved through an austerity program. We are building our infrastructure through our international programs, we are building our structure through our philanthropy in order to buy the types of technology and to sustain them to do exactly what you are asking. Teledentistry is something that we need to do and we can do it. Through our program we are going to have teleconferencing with

our students across the ocean and we are doing that step by step. We have intra-oral cameras that we are bringing into our schools, 3D printers and OSU has them as well. He explained that they do all this without the help from anybody except through their own philanthropy and the corporate partners which are contributing. And that is where dentistry has to be.

President Clark thanked Dean Chance for speaking with the Board and congratulated him and the program on their accreditation and for educating very fine students.

American Association of Dental Boards (AADB) – Assessment Services Program (ASP)

President Clark stated that the next item on the agenda was material from the American Association of Dental Boards (AADB) regarding their Assessment Services Programs (ASP). She asked if all the members had taken the opportunity to review the materials that were forwarded to them prior to the meeting.

Director Kamdar explained that the members had been provided a PowerPoint presentation from the AADB for review. He stated that they wanted to present it via conference call. However, out of respect for their time and also for the sake of efficiency, he asked the AADB to send us their PowerPoint presentation and is now asking the members to review it. He then stated that if any of the members had any questions to forward those to him or to Ms. Nash. The plan is to have a conversation between the SIP panel, our QUIP Coordinator, and AADB to find out what our options are with ASP, in terms of cost, parameters to use it, etc. He asked that they take some time to review this and then send questions over the next week and they hoped to have a conference call the next time the SIP panel was in the office

President Clark stated that she appreciated that Director Kamdar was able to get all the information together for them to look at and that it made sense to review the material and was a better use of their time to do it this way. She then reminded the members to send their questions or comments to Ms. Nash and Director Kamdar within the next week.

Action Items

Supervisory Investigative Panel Expense Report

President Clark asked if Dr. Guttman and Dr. Subramanian, the Board's Secretary and Vice Secretary, attested to having each spent at least twenty (20) hours per week attending to Board business. Both Secretaries affirmed they had spent the hours attending to Board business.

Motion by Ms. Johnston, second by Dr. Anderson, to approve the Supervisory Investigative Panel Expense report.

Motion carried unanimously.

Enforcement

Proposed Addendum(s) to Consent Agreement

The Board reviewed one (1) proposed Addendum to Consent Agreement. The name of the individual/licensee was not included in the documents reviewed by the Board. The name of the individual/licensee has been added to the minutes for public notice purposes. Ms. Nash provided a brief summary of the proposed addendum.

Danardo R. Scarso, D.D.S.

Motion by Ms. Johnston, second by Dr. Krob, to approve the proposed addendum to consent agreement for Danardo R. Scarso, D.D.S., license number 30.019326, and case number 16-43-1232.

Motion carried with Dr. Guttman and Dr. Subramanian abstaining.

Proposed Consent Agreement(s)

The Board reviewed five (5) proposed Consent Agreements. The names of the individuals/licensees were not included in the documents reviewed by the Board. The names of the individuals/licensees have been added to the minutes for public notice purposes. Ms. Nash provided a brief summary of any charges and the proposed orders.

Disciplinary

Christopher T. Bart, D.D.S.

Motion by Ms. Johnston, second by Dr. Zucker, to approve the proposed consent agreement for Christopher T. Bart, D.D.S., license number 30.019380, and case number 16-67-1099.

Motion carried with Dr. Guttman and Dr. Subramanian abstaining.

Steven D. Baxter, D.D.S.

Motion by Dr. Ginder, second by Dr. Zucker, to approve the proposed consent agreement for Steven D. Baxter, D.D.S., license number 30.018732, and case number 17-25-1074.

Discussion followed wherein Dr. Job expressed his concerns regarding “rubber-stamping” consent agreements for the Board as he felt there was a lack of sufficient background to make an informed decision for voting purposes. Director Kamdar explained that the Board has two (2) models to utilize when it comes to these situations. Either they can use a centralized approach of holding the hearings here with all the board members participation, which would be a 3 day meeting every month or they could use the current decentralized model which is sending these matters to hearing officers who are vetted and approved by the Board to perform these types of hearings. He expressed that he understands their concerns regarding “rubber-stamping” but they are placing their faith in the checks and balances that are built into the system. However, he stated that if they feel that this is not the model that the Board wants to use in the future than it is something that they can discuss, possibly the next day at the retreat in terms of if they want to use a decentralized model or to use a centralized model.

Ms. Nash added that in regards to “rubber-stamping”, each member has the right to vote “yes” or “no” and there is no requirement of unanimity. These are documents that have been prepared subsequent to the investigative process and are being proposed to the full Board after authorization for submission by the SIP.

Motion carried with Dr. Guttman and Dr. Subramanian abstaining.

Rudyard C. Whipps, D.D.S.

Motion by Ms. Johnston, second by Dr. Zucker, to approve the proposed consent agreement for Rudyard C. Whipps, D.D.S., license number 30.021222, and case number 17-45-1187.

Motion carried with Dr. Guttman and Dr. Subramanian abstaining.

Non-disciplinary

Khaled Altabtbaei, B.D.S.

Motion by Ms. Johnston, second by Dr. Das, to approve the proposed consent agreement for Khaled Altabtbaei, B.D.S., license number 30.025157.

Motion carried with Dr. Subramanian and Dr. Guttman abstaining.

Mohamed Bazina, B.D.S.

Motion by Ms. Johnston, second by Dr. Krob, to approve the proposed consent agreement for Mohamed Bazina, B.D.S., license number 30.025158.

Motion carried with Dr. Subramanian and Dr. Guttman abstaining.

Notice(s) of Opportunity for Hearing

The Board reviewed one (1) proposed Notice of Opportunity for Hearing. The name of the individual/licensee was not included in the documents reviewed by the Board. The name of the individual/licensee has been added to the minutes for public notice purposes. Ms. Nash summarized the document before the Board members.

[Kenneth J. Polke, D.D.S.](#)

Motion by Ms. Johnston, second by Dr. Das, to approve the proposed notice of opportunity for hearing for Kenneth J. Polke, D.D.S., license number 30.016950, case number 16-04-1438.

Motion carried with Dr. Subramanian and Dr. Guttman abstaining.

Enforcement Update

Ms. Nash began the Enforcement Update by informing the Board that there were ten (10) cases pending hearings of which one (1), Dr. Melville D. Hayes has been continued to November 2, 2017. She indicated that the one (1) case listed as awaiting the Hearing Examiners Report and Recommendation had now been resolved by the ratification of the proposed consent agreement. She stated that there were currently forty-seven (47) licensees and certificate holders under suspension and that there were one hundred and twenty (120) active cases. Ms. Nash said that there were no new referrals and no licensees actively participating in QUIP. She informed the members that there were fifty-one (51) cases which have been investigated and reviewed by the Board Secretaries and are recommended to be closed with two (2) warning letters being issued.

Closed Cases

Due to the requirement in Chapter 4715.03(B) of the Ohio Revised Code, that "A concurrence of a majority of the members of the board shall be required to... ..(6) Dismiss any complaint filed with the board.", President Clark reviewed the cases to be closed with the Board.

The following cases are to be closed:

2016-76-1117	2017-25-1109	2017-47-1089
2017-02-1136	2017-25-1151	2017-47-1113
2017-04-1045	2017-28-1150	2017-50-1132
2017-09-1144	2017-29-1077	2017-57-1117
2017-18-1057	2017-31-1011	2017-57-1145
2017-18-1081	2017-31-1093	2017-67-1063
2017-18-1086	2017-31-1116	2017-67-1159
2017-18-1091	2017-31-1133	2017-67-1165
2017-18-1140	2017-41-1095	2017-75-1107
2017-18-1141	2017-43-1051	2017-76-1076
2017-18-1149	2017-43-1120	2017-76-1105
2017-18-1152	2017-43-1139	2017-76-1137
2017-18-1167	2017-45-1028	2017-77-1055 - WL
2017-23-1142	2017-45-1062	2017-77-1114
2017-25-1066	2017-45-1138- WL	2017-78-1101
2017-25-1087	2017-45-1166	2017-83-1110
2017-25-1103	2017-46-1115	2017-83-1127

Prior to the vote to close the above listed cases, President Clark inquired as to whether any of the Board members had any personal knowledge that the cases that were being voted on today involved either themselves or a personal friend.

Roll call: Dr. Anderson – No
 Dr. Das – No
 Dr. Ginder – No
 Dr. Guttman – No
 Dr. Job – No
 Ms. Johnston – No
 Dr. Krob – No
 Dr. Subramanian – No
 Dr. Zucker – No
 Ms. Clark – No

President Clark then called for a motion to close the cases.

Motion by Ms. Johnston, second by Dr. Krob, to close the above fifty-one (51) cases.

Motion carried unanimously.

President Clark thanked Ms. Nash for the Enforcement Report and Update.

Executive Session

Motion by Dr. Subramanian, second by Dr. Zucker, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22 (G)(3) to confer with Board counsel regarding a pending or imminent court action.

Roll call vote: Dr. Anderson – Yes
 Dr. Das – Yes
 Dr. Ginder – Yes
 Dr. Guttman – Yes
 Ms. Johnston – Yes
 Dr. Job – Yes
 Dr. Krob - Yes
 Dr. Subramanian – Yes
 Dr. Zucker – Yes
 Ms. Clark – Yes

Motion carried unanimously.

President Clark stated that the Board would now go into Executive Session and requested Ms. Bockbrader, Director Kamdar and Ms. Nash to attend. She requested all other guests and staff to leave the meeting and to take all personal items, including briefcases, purses, cell phones, tablets, etc. with them when exiting the room. She stated that they would be invited back in upon conclusion of the Executive Session.

Open Session

At 3:41 p.m. the Board resumed open session.

Licensure

Licensure/Certification/Registration Report (Issued by the Licensure Section)

Samantha Slater, Licensing Manager, had prepared a report of the licenses, certificates, and registrations issued since the previous Board meeting in March.

Motion by Ms. Johnston, second by Dr. Ginder, to approve all licenses, certifications, and registrations as listed that have been issued since the May Board meeting.

Motion carried unanimously.

[General Anesthesia/Conscious Sedation Permit\(s\)](#)

President Clark stated that the Board's Anesthesia Consultant had vetted the following individuals who have applied for General Anesthesia and Conscious Sedation Permits, evaluations have been conducted, and the applicants are recommended to receive Permits for the specified modality.

General Anesthesia

Henry Gottschalk, D.D.S., Sylvania, Ohio

Conscious Sedation

Jennifer Cully, D.D.S., Cincinnati, Ohio – Non-intravenous parenteral

Caitlin Lochtefeld, D.D.S., Springboro, Ohio – Intravenous

Motion by Dr. Subramanian, second by Dr. Zucker, to grant permits to the licensees as listed for General Anesthesia and Conscious Sedation in the appropriate modality as listed.

Motion carried unanimously.

Reinstatement Application(s)

President Clark stated that the Board's Licensing Manager had reviewed the applications and recommended that the following dental hygiene license be reinstated:

Dental Hygienist(s)

Anastasia Dallas, R.D.H.

Motion by Ms. Johnston, second by Dr. Krob, to reinstate the dental hygiene license of Anastasia Dallas, R.D.H. to practice in the state of Ohio.

Motion carried unanimously.

Salary Increase

Motion by Dr. Subramanian, second by Ms. Johnston, that all exempt employees for the Board each receive a 2.5% annual salary increase to be parallel with the non-exempt employees who automatically receive the raise effective July 1, 2017 or as of the timeline established by the Department of Administrative Services Central Services Agency for such positions within Boards and Commissions.

Motion carried unanimously.

Committee Reports

Ad Hoc

Dr. Das stated that the Ad Hoc Committee had met earlier that morning with all members in attendance. He stated that they had continued their review of the Disciplinary Guidelines by completing their review of Category II on Minimal Standards of Care. The Committee had further discussed some fine-tuning of language regarding minimum and maximum discipline with the possibility of adding another category such as "usual" or "average". They hope to have the rest of the categories completed at the end of their next meeting in July and to present to the full Board for consideration at the September meeting.

Dr. Das stated that until the statute is changed to provide the Board with fining authority the Committee would not be considering fining language in the Guidelines at this time. He further explained that this would be the initial document to be used as a guideline for disciplinary actions with the intention to revisit it in a year to make

adjustments if necessary. If the Board should get the ability to level a fine then that might become a priority over a suspension which could cost a licensee thousands of dollars in lost revenue, as well as loss of income for staff and interrupted access to care for patients.

Ms. Johnston asked if the Board would be required to report an imposed fine to the National Practitioners Databank (NPD) if they obtained fining authority. Ms. Nash explained that all disciplinary actions by the Board were reportable to NPD.

Director Kamdar commented that currently there was a misconception that the Board would abuse the ability to fine by implementing more or possibly large fines in order to “make a lot of money”. He stated that this is a myth and that it is not the intention of the Board to do so, but rather to give the SIP and the Board a more viable and reasonable option to suspension which would be significantly costlier to a dentist, not to mention down time for dental office staff and patients going unserved. . He stated that he would be continuing the dialogue with representatives from the Ohio Dental Association again regarding fining authority.

Education

President Clark stated that the Committee had met at 8:15 a.m. that morning with all members present and had amended their agenda to hear from the Boards Legislative and Communications Coordinator, Zach Russell, on the draft Request For Proposal (RFP) regarding the continuing education tracking and monitoring companies. She stated that the Committee was to submit comments prior to June 28th in order that the RFP could be finalized and submitted to vendors by July 1, 2017. They hope to have a decision on the vendor by the July meeting.

President Clark informed the members that the Committee had reviewed language for remedial education that had been developed by the Committee during the previous year and submitted by former Chair of the Committee, Susan Johnston. After a few minor changes such as making the responsibility of the cost of remediation to be borne by the licensee and the addition of the AADB ASP to the approved providers section, the Committee is recommending that the language be forwarded to the Policy Committee for draft into policy.

Review of Application(s)

President Clark stated that they had reviewed one (1) Biennial Sponsor applications for consideration of approval. She stated that the coursework as submitted in the application was not in compliance with the requirements set forth in the Dental Practice Act and Board guidelines and therefore the Committee was recommending denial of the application at this time. Ms. Franks has been directed to communicate with the Sponsor with the suggestion of revising the curriculum to meet the requirements of the Board for acceptable CE.

President Clark stated that the final order of business was the discussion of Continuing Education Practicums. She stated that the Committee members were tasked with researching the definition of “practicum” in order for them to further their discussions at their meeting in July.

Motion by Dr. Subramanian, second by Ms. Johnston, to approve the Education Committee report.

Motion carried unanimously.

Law and Rules Review

Dr. Subramanian stated that the Law and Rules Review Committee had met that morning between 11:00 a.m. and 12:30 p.m. and commented that the meeting was exciting with lots of action. He stated the Committee had continued their discussions from earlier this year regarding “clean-up” of the statute and rules with the intent to provide amendments to the statute for the potential omnibus bill. He stated that the issues regarding “fellowships” in regards to Limited Resident’s Licenses and licensure for graduates of unaccredited dental colleges was still being discussed. It was determined that rule 4715-20-03 Disposal of Sharps went into effect in September which states that the requirements for disposal of sharps shall be established by Board policy which the Board does not have at this time. Dr. Subramanian stated that the Committee was directing this matter to the Policy Committee to draft a policy regarding the disposal of sharps which may include Centers for Disease Control and Board guidelines. He stated that the Committee would continue their discussions at their next meeting in July.

Motion by Ms. Johnston, second by Dr. Das, to approve the Law and Rules Committee report.

Motion carried unanimously.

Operations

President Clark stated that the Operations Committee had not met that day.

Policy

Ms. Johnston stated that the Policy Committee had met earlier at 8:15 a.m. that day with all Committee members present along with guests; Ms. Nash and Nathan DeLong of the ODA. She stated that the Committee had reviewed and confirmed the revisions made during their meeting in March 2017 to the following policies:

- A-502: Policy Regarding Treatment Within the Scope of Dental Practice
Under Procedure: Recommended to change the term “ADA accredited” to “CODA accredited” and eliminate the second paragraph which refers to the ADA definitions for specialty practice. Also correction of typographical error of “dentists” to “dentist” in the last paragraph of that section.
- B-502: Policy Regarding Dental Hygienists Performing Periodontal Maintenance When the Supervising Dentist is Not Present
Under Procedure: Recommended that the language “past seven (7) months” be changed to “past one year” to be consistent with the recent statutory change and to eliminate the last paragraph in that section since periodontal maintenance is considered a permitted duty when the dentist is not physically present regardless of whether performed within the Oral Health Access Supervision Program.
- B-503: Policy Regarding Treatment Within the Scope of Practice for the Dental Hygienist
Under Procedure: Recommended to change the term “ADA accredited” to “CODA accredited”, to revise the language “dental schools residency programs” to “dental hygiene programs”, eliminate the second paragraph which refers to the ADA definitions for specialty practice. Also, to add the American Dental Hygienists’ Association Bylaws & Code of Ethics in addition to the ADA’s Code of ethical and professional conduct for practice in the last paragraph of that section.

Ms. Johnston stated that the Committee had reconsidered their recommendation to rescind Policy A-503 Regarding the Scope of Practice of Oral and Maxillofacial Surgery and would now be referring it to the Scope of Practice Committee for consideration of revised language.

Ms. Johnston informed the Board that the Committee had reviewed Policy J-501, the Policy for Non-Dentist Licensed Healthcare Providers Assisting a Licensed Dentist and Policy M-xxx [numbering to be determined] Policy Regarding Legislative Representation and are accepting both as written to be presented to the full Board for consideration at the next meeting. She clarified that the policy regarding supervision of Non-Dentist licensed healthcare providers was specific in that the individuals that were being supervised **must** hold a current, valid **license** in the State of Ohio from another healthcare regulatory board and not just a certification.

Ms. Johnston stated that the Committee had reviewed and were making revisions to one (1) additional policy as follows:

- J-502: Policy Regarding the Termination of the Dentist-Patient Relationship
Under Procedure: Recommend the following amendments:
 1. The dentist shall provide written notification and/or documentation in the patient's chart of verbal communication with the patient, terminating the dental services.
 2. All efforts should be made to stabilize the patient's dental condition and not place the patient's dental health in immediate jeopardy. The dentist shall agree to offer emergency care up to a reasonable amount of time.
 3. Upon written request, a copy of all records shall be made available to patient or subsequent treating practitioner.

Ms. Johnston indicated that they will be providing the final recommended versions of the five (5) policies to the full Board for review prior to consideration at the meeting in July. She stated that the Committee will continue their review of the policies at their next meeting.

Motion by Dr. Subramanian, second by Dr. Anderson, to approve the Policy Committee report.

Motion carried unanimously.

Scope of Practice

Dr. Ginder informed the members that the Scope of Practice Committee had met earlier that day at 9:30 a.m. with all members in attendance. He stated that recently the Policy/Scope of Practice Committee had been separated in order to allow additional time to accomplish their priorities and objectives. He stated that they have been given the task of defining the scope of practice for the State of Ohio and ultimately providing recommended language to be placed into statute, rules, or policy. He provided the following language as a starting point for defining the scope of practice of dentistry:

"Dentistry is the evaluation, diagnosis, prevention and/or treatment (non-surgical, surgical or related procedures) of diseases, disorders and/or conditions of the oral cavity, maxillofacial area and/or the adjacent and associated structures and their impact on the human body; provided by a dentist, within the scope of his/her education, training and experience, in accordance with the ethics of the profession and applicable law."

Dr. Ginder stated that it is the plan of the Committee to begin with the scope of practice of general dentistry and oral and maxillofacial surgery and proceed to the other "specialist" groups in due time. He stated that he intends to reach out and obtain input from both Dr. Greg Ness of The Ohio State University (OSU) College of Dentistry and

Dr. Dale Baur at Case Western Reserve University (CWRU) College of Dental Medicine as chairs of the oral surgery departments at those schools. Likewise, he will be reaching out to Dean Patrick Lloyd at OSU and Dean Kenneth Chance of CWRU to learn what they are teaching in this regard at their respective institutions. As we set parameters, these well respected dental educators in their fields will carry significant weight as we define scope of practice in Ohio law.

Silver Diamine Fluoride, Sleep Apnea, and the Role of the Phlebotomist in the Dental Office

Dr. Ginder stated that the Committee had a brainstorming session during which ideas were presented by the Committee members regarding silver diamine fluoride, sleep apnea, and the role of a phlebotomist in a dental office. The Committee determined that the application of silver diamine fluoride (SDF) was within the scope of dental practice and that currently only a licensed dentist is permitted to apply it. However, this may change as, currently, the Board does not have a policy on the application of SDF and therefore this subject is being referred to the Policy Committee for further review and consideration of: informed consent, SDF procedures, and available courses. He stated that Dr. Kim Hammersmith, a pediatric dentist at Nationwide Children's Hospital will be contacted for assistance as she is performing research on SDF.

In regards to sleep apnea, Dr. Ginder stated that it was determined that this is within the scope of dental practice but that it must be defined in Board policy. They plan to invite a pulmonologist, Board Expert Dr. James Metz, and former Board member Dr. William Leffler to the Committee meeting in July to provide information and input. He stated that as with the Committees considerations on scope of practice, these individuals are well-respected in their fields and can provide valuable guidance as the Committee sets out to provide language for Board rules and guidelines.

Dr. Ginder stated that the Committee discussed the potential role of the phlebotomist in a dental office as it relates to IV sedation and drawing blood. He stated that Dr. Wallace, the Boards Anesthesia Consultant, provided the following:

“An IV requires more training and carries more responsibility than drawing blood. A phlebotomist does not have privileges to start IVs in a hospital. “

Dr. Ginder stated that because they are certificate holders, they cannot draw blood in the dental office and it was decided that the having a phlebotomist start an IV is outside the scope of a dental practice. However, the Committee would like to refer this to the Law and Rules Review Committee to consider language to allow the certified phlebotomist to draw blood in the dental office provided the phlebotomist meets a defined standard of education and/or experience.

Ms. Johnston stated that she is aware of current dental licensees with Conscious Sedation Permits who believe that it is within the law and ethical standards to supervise a certified phlebotomist to initiate and remove an IV. She stated that currently there are no standards regarding the education required to obtain a certificate for phlebotomy and the education ranges from a weekend course to an associate's degree. She stated that this is currently outside the standard of care for the profession and the Board needs to consider ways to inform the dental population of what is legally and ethically acceptable. She stated some of this is clarified in the recently reviewed policy on Non-dentist licensed providers. Mr. DeLong offered to provide this information in an upcoming issue of the ODA News.

Motion by Ms. Johnston, second by Dr. Anderson, to approve the Scope of Practice Committee report.

Motion carried unanimously.

President Clark took a moment to thank all of the Committee Chairs on their comprehensive reports and their continued diligence in addressing the Boards priorities.

Executive Updates

President's Update

2018 Board Meeting Calendar – Proposed Dates

President Clark began her report by providing a copy of a proposed calendar for 2018 Board meeting dates. She requested the members to take the proposed listing to review at their leisure and to submit any conflicts with the suggested dates to Ms. Franks who will compile the information for consideration at the meeting in July.

AADA/AADB Annual Meeting

President Clark said that the American Association of Dental Administrators/American Association of Dental Boards (AADA/AADB) Annual Meeting will be October 17-18 and that she will be attending along with Dr. Guttman and Ms. Nash. She stated that there is not a proposed agenda at this time but expects that there will be many good topics discussed at the meeting.

Ohio Dental Team Summit

President Clark informed the members that she attended the Ohio Dental Team Summit meeting on June 2, 2017 along with Director Kamdar which was held at the Ohio Dental Association (ODA) office. She stated that there were member representatives from the ODA, Ohio Dental Hygienists' Association (ODHA), Ohio Dental Expanded Function Association (ODEFA), and the Ohio Dental Assistant's Association (ODAA). She stated that all groups updated the attendees on what was going on with their associations. Of note was that the ODEFA group had reinvented themselves as they have not been a functioning association for the past few years due to lack of membership. She stated that one final comment/topic that has resurfaced are concerns about face-to-face continuing education. She mentioned that several of the groups feel that this is an important consideration that the Board should reconsider in its rules.

Executive Director's Update

H.B. 49 Budget Bill

Director Kamdar opened his update by informing the members that H.B. 49 (Budget Bill) was in its final stages of consideration in the legislature. He stated that the Board had submitted a request for language to assess a \$5 service fee in order to recoup costs for the electronic service charge that has been implemented with the new eLicense system for electronic processing of fees. He stated that it was determined later that the Department of Administrative Services was also implementing a \$3.50 charge to all licensees and therefore, the Board had withdrawn their request. He informed the members that even if the current budget bill passes in its current state, he will still be required to seek authorization from the Controlling Board for an increase in the Board's appropriation so as to match the cashflow stemming from the proposed increase in fees. This would be necessary to ensure the Board has a structurally balanced budget in FY 18 and FY 19.

Anesthesia Consultant

Director Kamdar informed the members that they were in the process of hiring a new Anesthesia Consultant for the Board as a successor to Dr. Wallace. He stated that he will share further information in that regard once he and Dr. Job finalize everything with the potential candidate.

Strategic Planning Retreat

Director Kamdar also thanked the Board members for their participation of the S.W.O.T. analysis exercise in preparation for the Strategic Planning Retreat to be held the next day. He stated that he expects robust discussions during the retreat. They will begin the retreat with an informal meet and greet at 8:30 a.m. and then will be hearing brief testimony from representatives of the ODA, ODHA, and the dental schools. He stated that the plan is to wrap up the retreat by 3:30 p.m. and time permitting Dr. Guttman and Dr. Subramanian would like to provide a walk-through of the enforcement process. This is in order to provide the members with a better understanding of the entire enforcement process.

President Clark thanked Director Kamdar for his report.

Anything for the Good of the Board

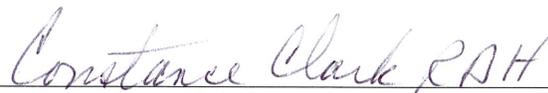

President Clark asked if anyone had anything for the good of the Board. Noting that there were no additional items for discussion, President Clark called for a motion to adjourn.

Adjourn

Motion by Dr. Krob, second by Dr. Subramanian, to adjourn the meeting.

Motion carried unanimously.

President Clark adjourned the meeting at 4:18 p.m.

CONSTANCE CLARK, R.D.H.

President

ASHOK DAS, D.D.S.

Vice President
