Correspondence
Ohio Council of Dental Hygiene Directors – Patient Treatment Clinical Examination Waiver Request
The Board office received a letter from Ms. Suzanne Smith, RDH, Med, Chair of the Ohio Council of Dental Hygiene Directors requesting the Board to consider waiving the CDCA Patient Clinical Examination for Class of 2020 graduates. The letter indicates that CODA - Commission on Dental Accreditation has consulted with the U.S. Department of Education to determine if they can offer flexibility in the accreditation standards in light of the pandemic.

Commission on Dental Accreditation – Winter 2020 Actions

Commission on Dental Competency Assessments – Update to State Dental Boards
The Board office received a letter from the Commission on Dental Competency Assessments regarding their considerations for resuming testing of Dental and Dental Hygiene candidates considering the coronavirus pandemic. The letter indicates that overall 88% of candidates were able to test with plans to reschedule exam dates and locations to provide opportunities for all candidates.

President Subramanian stated that the Chair of the Dental Council of Dental Hygiene Directors, the Dean of The Ohio State University College of Dentistry, and the Dean from Case Western Reserve University College of Dental Medicine have all sent letters to question if the Board would consider a waiver of the patient-centered clinical examination or the clinical part of the dental hygiene examination to enable their class to be licensed. President Subramanian stated that he has been in contact with the deans of both dental schools in Ohio and was informed that they are working closely with their faculty, students, and various examining bodies to figure out the best option to deal with the current situation. He stated that most of the Board members are empathetic to the students and will do what needs to be done to reduce any hardship to the dental and dental hygiene students to begin their careers. However, the situation always must go through a due process and therefore, he was asking the Board members to familiarize themselves on this matter. Copies of the letters from the various entities would be forwarded to all the members for review and they were to submit any input within the next two (2) weeks to him or Director Kamdar for discussion at the next meeting.

Executive Updates

President’s Update

COVID-19

President Subramanian stated that COVID-19 has taken over our lives and we have not before seen such seismic changes in our daily lives. One thing that this pandemic has taught us is we can adapt as much as the virus can. The rules that dictate on whether we can practice, see patients, or if we can step out of our own neighborhoods are all rapidly evolving. He stated there is no one to blame or point fingers at, this is climatization at warp speed.

President Subramanian stated that the administration, along with directives from both the Governor and the Ohio Department of Health (DOH) are evolving daily as circumstances change. In fact, Governor DeWine and Director Acton have done a wonderful job of communicating with the public daily with clarity. He stated that he would assume all are aware of the rules set forth by the Governor and the DOH; stay at home, go out only if needed, take adequate precautions, and maintain social distancing. Dentists are to perform only emergency care at their practices or at hospitals. The reasons being to preserve personal protective equipment, prevent the undue spread of the viral infection, and prevent over-crowding of emergency rooms. Treat patients as needed so they do not end up in emergency rooms risking high exposure to contracting the viral infection.

President Subramanian stated that we as healthcare providers have two (2) major areas of expertise in the ability to help. First and foremost, we should educate ourselves on the nature of the coronavirus and ensure that we have the facts right. And second, we should not renege in our duty to provide emergency care where needed so that we are able to keep these patients from crowding our hospital system.

Teledentistry

President Subramanian stated that the Teledentistry rules hearing has been postponed by the Joint Committee on Agency Rules Review (JCARR) due to the COVID-19 pandemic.
President Subramanian turned the meeting over to Director Kamdar for the Executive Director’s Update.

Executive Director’s Update

Fiscal Challenges
Director Kamdar stated that the Governor has requested a 20% budget cut for all state agencies for the remainder of the fiscal year (June 30, 2020). We are looking through our budget very carefully trying to find places where we can make the cut as 20% is a large cut. He stated that these cuts will come with pain, suffering, and some sacrifice but we will do the best we can to endure and still maintain the level of service that you have come to expect.

Director Kamdar stated that internally we are already looking at the next fiscal year since we expect this budget recalibration to continue into the foreseeable future as tax revenues are down. He stated that we are hoping for the best but planning for the worst which means that the sacrifices we are making today will continue into the new fiscal year. However, we will continue to provide you with the best possible service even though we will have less resources. We will do more with less. He stated that he was respectfully asking our customers and the public for their patience as we try to maintain a level of service you have come to expect.

Continuing, Director Kamdar indicated that along with the budget cut, is a hiring freeze, meaning that the Board will not be able to hire and fill vacant positions such as our attorney position and a couple of investigator positions. Additionally, we are looking at putting a freeze on any other type of discretionary expenditures such as travel to conferences, etc. in order to get to the 20% reduction in expenses.

Board Staff Teleworking
Director Kamdar expressed that teleworking was new for him, as well as for staff. We are doing the best we can to continue to serve you and serve Ohioans in the same or similar way as we have done in the past. With technology we can continue most services, and as we are learning he again would ask you for your patience and understanding. Recognizing that there is a lot of frustration and anger out there, he asked that when you do call in and speak with staff please remember that they are working from home. He stated that the staff are doing the very best they can and asked everyone to please be kind and considerate when contacting the Board about any outstanding issues.

Governor’s Press Conferences
Director Kamdar encouraged Board members to be sure to tune in daily at 2:00 p.m. on the Ohio Channel for updates and information on the pandemic. The Governor, Lt. Governor, and Dr. Amy Acton have excellent updates on COVID-19.

Owens Community College Dental Hygiene Students
Director Kamdar sent a special “shout-out” to the dental hygiene students at Owens Community College thanking them for sharing their thoughts. We are very sympathetic toward the graduating dental and dental hygiene students around the state impacted by the delays stemming from the pandemic. He asked them to understand that we are doing the best we can to try and gather all the information to make an informed decision as a board at the next meeting. He commented that while the Board can consider accommodating their request, we still must ensure to maintain the integrity of the licensure process while protecting the public.

Stakeholders
Director Kamdar stated that last but not least he wished to thank our stakeholders for their patience and for working with us, specifically the Ohio Dental Association, the Ohio Dental Hygienists’ Association, the Expanded
Function Dental Auxiliary Association of Ohio, the Ohio Association of Community Health Centers, and so many more who have reached out with their thoughts and ideas during this difficult time. We are fortunate to have them all on this unprecedented journey with us.

Director Kamdar asked that we not forget about the core values that we have embraced over the past four and a half years that he has been with the Board. Patient care is first and foremost. Serving Ohioans and meeting their dental needs is of prime importance. Professionalism, diplomacy and integrity are core values that we have embraced in our dealings over the past few years. He stated that as we are going through these difficult times there are going to be disagreements and that we not forget our core values and the work that we have done so far. He asked that we continue to build on that work and remember that we are all in this together and together we will come out better and stronger.

Anything for the Good of the Board
President Subramanian inquired if any of the Board members had any items to discuss with the board. Noting that there were no additional comments or concerns, President Subramanian wished them all a wonderful afternoon, asked them to stay safe and maintain social distancing.

Adjourn
President Subramanian adjourned the meeting at 11:32 a.m.
