Personal Appearances

Ms. Yehnert reviewed Dr. Butts’ history with the Board members stating that he had entered into a standard impairment consent agreement with the Board on October 1, 2020 which was ratified by the Board on November 4, 2020. Dr. Butts subsequently completed residential treatment at The Ridge on November 5, 2020 and was discharged on December 5, 2020. She informed the Board that Dr. Butts had completed a medical, psychiatric, and neurological evaluation and received releases stating that he is safe to return to the practice of dentistry. Ms. Yehnert stated he remains in compliance with the terms of his Consent to date and that Dr. Butts was before them to request reinstatement of his license with work privileges.

Upon questioning by the Board, Dr. Butts stated that alcoholism is a bad thing, that he had been out of work since October 2020 and his employees have been on unemployment since that time. He commented on the status of his practice; employees on unemployment that is soon to run out, patients awaiting completion of treatment, overhead costs, etc. Dr. Butts informed the Board members that he has been completely in compliance with all the terms of his consent agreement completing three (3) weeks of Intensive Out-Patient care, attending aftercare, caduceus, and Alcoholics Anonymous meetings once a week.

Dr. Butts stated that he understands that the Board does not typically reinstate dental licenses during the first Personal Appearance after treatment. However, he indicated his concern that he would not have a practice to go back to if he must wait until his second Personal Appearance before them at the next Board meeting in May 2020.

Dr. Bean asked Dr. Butts to identify his stressors that trigger this behavior and how he intends to manage those stressors. Dr. Butts explained that he allowed his drinking to get out of hand during the COVID-19 pandemic, then his wife asked for a divorce, and when his practice reopened they were scheduling the backlog. He stated that he loves dentistry but recognizes the need to “back off” and not schedule so heavily.

Dr. Bean then asked if he was now in a stable and supported environment. Dr. Butts explained that his parents, patients, staff, and friends have all been very supportive in his recovery. He stated that he is in a much better place than in the past, he is sleeping better, loves waking up sober, and has no desire to go back to drinking. He commented that he is happier remaining compliant.

President Subramanian thanked Dr. Butts’ sharing with the Board and then asked him to remain as they would be discussing his request during the Executive Session.

Executive Updates

President’s Update

National Women’s Day – March 8, 2021
President Subramanian informed the members that this past Monday, March 8, 2021 was National Women’s Day. He wanted to take a moment to thank all the women on the Board and around the world because without them we would be nothing. He quoted the famous saying “Behind every successful man is a woman.” and commented that in his case his better half is miles and miles ahead of him.

Volunteer Vaccinators

President Subramanian wanted to thank all the dentists and dental hygienists who have signed up to volunteer for the mass vaccination program that is being rolled out by the state. He said that it was recently announced that the next mass vaccination program had been arranged in both Columbus and Cincinnati within the next week. He commented that It is their moral, ethical, and sworn duty to help the public and volunteering as a vaccinator is an opportunity for them to do that.

COVID-19 Pandemic Shutdown

President Subramanian stated that we are almost at the first anniversary of the COVID-19 shutdown. It was March 17, 2020 that all elective dental procedures were mandated to be stopped. Nobody could have imagined that an unknown virus would bring the entire world to a standstill and the effects of the pandemic are still being unraveled. With each passing day and with the widespread distribution of the vaccine, thanks to those women and men who worked tirelessly to get us to this stage, there is light at the end of the tunnel. The Centers for Disease Control and Prevention (CDC) has issued new guidelines that give us a glimmer of hope to some semblance of normalcy. President Subramanian stated that it is important we invest wholeheartedly in support of getting as many individuals vaccinated as possible and to dispel the myths and false information about the vaccine.

President Subramanian said that as professionals, we understand that “herd immunity” is what must be achieved. Based on recent studies, herd immunity can only happen when 67% to 75% of the population is vaccinated with the caveat that more resistant mutations develop and begin infecting more people. He stated that we should work toward the common good to get over the much-needed critical number and achieve herd immunity.

President Subramanian offered a final comment in requesting that we do not forget the addiction problem that still exists. The pandemic has worsened the opioid addiction combined with an increase in mental health disorders and the downward trend of the economy and jobs. He urged all the Board members to invest some time and effort in the control of the opioid epidemic.
Executive Director’s Update

Continued Virtual Meetings
Director Kamdar thanked President Subramanian and stated that virtual meetings will continue through July 2021 when H.B. 404 will expire in terms of the timelines given to State agencies, boards, and commissions for holding virtual meetings. HE said that we will have to wait and see if any amendments will be made to the Bill or if there may be a new Bill introduced to continue virtual meetings. Our expectation is that in-person-meetings would commence thereafter.

Budget Testimony
Director Kamdar informed the Board members that he had the privilege to appear before the Ohio House of Representatives, Health and Human Services Committee, Finance Subcommittee, to present the Boards budget for FY 2022-2023. He stated that this is just the beginning of the budget approval process and he expects to get a similar invitation from the Ohio Senate to present before them prior to it finally going to the Governor for sign-off towards the end of June.

Thanks to Staff
Director Kamdar stated that the pandemic hit us almost a year ago and when we left our offices, we thought that we were only going to be gone for a couple of weeks and then we would be back. This turned out to be a much longer absence from our actual physical office than any of us had anticipated. He wished to commend the Board staff for working from home, working under strange constraints and demands, and still have been able to deliver the same services and stated he was very proud of all the staff.

Chief Legal Counsel
Director Kamdar said that our former attorney, Steve Kochheiser, left the Board around the first week of February 2020 and soon after we were met by the pandemic. This led to a hiring freeze which extended up to November/December 2020 when we were fortunate enough to hire Chris Cellier, Esq. He stated that the Board had to endure almost a year without any inhouse legal counsel. Director Kamdar expressed that we are very grateful to our AAG Katherine Bockbrader for helping us out when we needed it.

Director Kamdar commented that he is truly grateful to our new Chief Legal Counsel Chris Cellier for coming in and taking over the responsibility in getting the Board caught up with these investigations. He stated that we are still not completely caught up, but he has done a tremendous job. As indicated by the numbers, the backlog has dropped by almost one hundred investigations.

Director Kamdar indicated that he is also very grateful to Mr. Russell who has helped us over the last year by filling the gap wherever possible and grateful to our investigators who have continued to work hard under these strange conditions. He also wanted to thank the SIP panel for really stepping up by taking time out of their busy schedules and helping the Board get caught up with the investigations.

Continued Virtual Meetings
Director Kamdar stated that he expects the Board will resume committee meetings in earnest beginning next month. He stated that we will be holding the Law and Rules Review Committee meeting in a couple of weeks and plans to have a Research Committee meeting in the month of April. Director Kamdar said that we have now gotten into a cadence of evening meetings since that seems to be most convenient for the Board members and the public as well. He said we should expect to continue having the meetings in the evenings.

Director Kamdar then turned the meeting back over to President Subramanian.

President Subramanian asked if any members of the Board wished to bring forth a topic for discussion.

Ms. Scaramucci stated she hopes the Board continues with their due diligence during the pandemic in making every attempt to try to make it easier for dental assistants to obtain their credentialing and certification in order that they can start working in the dental field. She would like to recommend that the Board research utilizing the American Medical Technologists certification for dental assistants. She stated that in speaking with the program chair of the medical assisting program at the University of Cincinnati, this certification may not be the “gold standard”, but it would certainly be a viable option in accreditation for dental assistants.

President Subramanian thanked Ms. Scaramucci for her suggestions. He stated that Dr. Bean and Ms. Carr have already been working earnestly toward addressing this matter and wanted to thank them for their continued efforts in this matter.

President Subramanian asked if there was any additional information or questions of the Board. He noted that there were no other questions or comments.
