**Committee Reports**

**Education**
The Education Committee met at 1:30 p.m. in Room 1924 of the Vern Riffe Center for Government and The Arts. The meeting was called to order by the Chair, Dr. Canise Bean with members Drs. Michele Carr and Andrew Zucker in attendance.
Biennial Sponsor Applications
Based upon review by the Board’s CE Coordinator using the guidelines provided by the Education Committee, the Committee was provisionally and retroactively recommending approval of the following applications and/or renewals:

Westshore Periodontics and Dental Implants
Heath Dental Laboratory
OSHA Compliance Services
Naples Dental Conference
Drs. Fried & Popper, Oral and Maxillofacial Surgery

The committee and all in attendance were reminded that as of December 31, 2021, the Education Committee would no longer approve applications for biennial sponsorship.

Continuing Education Practicum
Vice President Bean informed the Board that the committee had reviewed and recommended approval for a continuing education practicum hands-on surgical course provided by The Misch Resnik Institute. The course will be held Oct. 7 and 8, in Elyria, OH. The submission of requirements and criteria have been met and action is needed to approve the practicum so that Limited CE licenses can be issued for out of state attendees.

CE Extension Request
Vice President Bean informed the Board that the committee had received a request for extension of the continuing education requirement from a licensee that due to the pandemic AAOMS meetings were curtailed and no local meetings are being held. The licensee had obtained some hours through Homestead Schools an ADA CERP provider, but most courses are applicable to general practitioners. Vice President Bean stated that a discussion followed wherein committee members expressed that there are adequate avenues/ways to obtain sufficient hours of continuing education to meet the minimum requirements for renewal and therefore, the consensus of the committee was made and properly seconded to deny the request.

Status of Dental Assistant Certification Exams
Vice President Bean shared that the Ohio Commission on Dental Assistant Certification (OCDAC) had previously informed the Board that they were working with an entity known as Skills USA and with Ft. Hayes High School in Columbus to begin testing again. However, no updates or communication has occurred recently, and no details or timeline has been offered. She stated that considerable discussion ensued including the presentation by AMT (American Medical Technologists) specifically regarding their RDA (registered Dental Assistant) exam as an alternative path for certification during the virtual meeting in April. Vice President Bean reminded the Board that we are unable to take any action at this time due to the Ohio Revised Code, which states currently acceptable dental assistant certification examinations are through Dental Assisting National Board (DANB) and the Ohio Commission on Dental Assistant certification (CODA).
Vice President Bean stated that the next step appears to be the introduction of a bill in the Ohio legislature. This situation has fully confirmed that we have limited ourselves and the need for statute change is eminent. She pointed out that there is a statement in the OAC 4715-11-03.1 (3) that states Proof satisfactory to the board that the applicant has successfully completed at an educational institution accredited by the American Dental Association commission on dental accreditation or the higher learning commission of the north central association of colleges and schools, the education or training specified in rule 4715-11-04.2 of the admin code. (refers to certified dental asst). Proof of completion of the education or training may be evidenced by a diploma or certificate of graduation or completion that has been signed by an appropriate official of the accrediting institution that provided education or training.

It has been suggested that investigation will be made to see if this statement would allow us to make a temporary provision for other DA certification pathways.

CE Broker
Vice President Bean informed the Board that CE Broker is a CE tracking system that has been in business for 15 years and tracks multiple professions. She stated that they can offer compliance reports and automate audits for regulating bodies and licensees can view unmet requirements. Their system is paperless, secure and can assist in finding courses.

Vice President Bean stated that the committee recognized that a system such as this could be very time saving to our board staff and beneficial to our licensees. Currently, it is understood that there is no cost to the board and licensees can choose a plan that is also free or more elaborate for a small annual fee. Consensus was reached in extending an invitation to CE Broker for a formal presentation to the Board at the November meeting.

The meeting was adjourned by the Chair, Dr. Canise Bean at 2:20 PM.

Licensing Examination Format
Dr. Kathy-Brisley-Sedon stated that the Licensing Examination Format Committee had met that morning in room 1914 of the Vern Riffe Center at 11:26 a.m. with members Dr. Carr and Ms. Scaramucci and advisors Dr. Quereshy and Dr. Bean attending. She stated that the goal is to resume research and recommendations for alternative pathways to licensure that are non-patient based. She stated that the committee had begun this project in early 2020 and reported to the full Board at that time of their findings.

Dr. Brisley-Sedon stated that at this time they are resuming a review of the examinations to see if anything has changed in the past year. The committee will be evaluating the ADEX dental manikin examinations for dentistry and dental hygiene, the ADEX DSC OSCE for dentistry and the CSC OSCE for dental hygiene, as well as the Joint Commission on National Dental Education the DL OSCE. The committee divided the workload and are currently working on findings of facts with research and anticipates a meeting in November to discuss their findings and have an objective review by the members. Dr. Brisley-Sedon stated that the plan is to provide a presentation at to the Law and Rules Review Committee at a future meeting.

Research
Ms. Scaramucci stated that the Research Committee met that morning at 10:31 a.m. in room 1924. She stated that she is serving as Chair and the Committee was comprised of Dr. Bean, Dr. Brisley-Sedon and Dr. Subramanian (absent).
Request From Education Committee
Ms. Scaramucci stated that the committee reviewed the charge from the Education to investigate new educational centers or opportunities for alternative remedial education courses for individuals requiring further education in clinical areas to assist QUIP.

Educational Opportunities for QUIP
Ms. Scaramucci stated that the committee was presented investigative information gathered by the chair and Dr. Brisley-Sedon. The areas of investigation included data on assessment services programs, hands-on courses, other board policies and the GPR programs in Ohio. She stated that four assessment services programs were researched to include: Affiliated Monitors, Professional Learning Services, AADB (who has paired with Promethean Dental Systems), and CDCA/WREB.

Ms. Scaramucci said that they reviewed two (2) hands-on courses including programs from two Colleges of Dentistry in Florida and the AGD. H.B. 263 - List of Offenses
Vice President Bean stated that she had been informed that Deputy Director Cellier would be providing the Board with information regarding HB 263 List of Offenses. Unfortunately, Mr. Cellier was unable to attend the meeting as well and she then asked Mr. Russell to provide the information.

Mr. Russell stated that HB 263 requires the Board to create a listing of potentially disqualifying offenses under the Revised Code that could prevent an applicant from receiving a license, certification, or registration from the Board.

Motion by Dr. Zucker, second by Dr. Krob, to adopt the statutes and information in the draft allowing the Board to make stylistic changes and add it to the Board website on or before October 9, 2021 in accordance with ORC Section 9.79.

Director Kamdar informed the Board members that Mr. Cellier had been in conference with attorneys from several of the other professional healthcare boards in creating the listing that was before the Board members. He stated that this current listing is very similar to all the other listings being provided by healthcare boards in Ohio. He stated that if there are any reservations by Board members or stakeholders, please feel free to contact the Board to discuss concerns as this is a living and breathing document that is subject to change.

Motion carried.
